Housing Selection: Academic achievement/merit point system

Class Standing			Cumulative GPA	
Credits Earned	Point Value		GPA	Point Value
103+	4.5		3.68-4.00	3.5
87-102	4		3.34-3.67	3
73-86	3.5		3.00-3.33	2.5
57-72	3		2.67-2.99	2
44-56	2.5		2.34-2.66	1.5
27-43	2		2.00-2.33	1
13-26	1.5		1.74.1.99	.5
<13	1		<1.74	0

Your priority ranking score can be found at the bottom of your HMA profile. Students are encouraged to check it when you fill out your profile and contact Residence Life if it does not look correct you. Once you form your group, the average score of the group is combined with the highest expected class year in the group (the class year you would be expected to be in the Fall semester based on your current credits) and a specific date and time for your group's housing selection is generated.

Example

The following is an example of how the points would be calculated for a six-person group participating in the Housing Selection Process:

Student A: A student with 105 credits and a 3.82 GPA gets 8 points (4.5+3.5)
Student B: A student with 92 credits and a 3.61 GPA gets 7 points (4+3)
Student C: A student with 95 credits and a 3.94 GPA gets 7.5 points (4+3.5)
Student D: A student with 96 credits and a 2.72 GPA gets 6 points (4+2)
Student E: A student with 84 credits and a 2.51 GPA gets 5 points (3.5+1.5)
Student F: A student with 65 credits and a 3.62 GPA gets 6 points (3+3)

The group's averaged point value is 6.58.

Each group's averaged point value is then rounded down to the nearest whole number. In the example above, this group would be able to select a room when the process opens for "Senior 6" groups on March 27, 2018 at 2PM.
