Western New England University School of Law

Mission Statement

Western New England University School of Law is dedicated to training members of the legal profession to serve the public, the bar and the judicial system in the highest and finest traditions of a distinguished calling. To this end, the School of Law’s primary mission is to educate lawyers whose professional lives are characterized by the lifelong pursuit of excellence in the craft of legal practice; by the reflective and ethical solution of legal problems; and by the continuation of, and the exercise of responsible stewardship over, a cherished tradition of public service in pursuit of the common good. The School of Law implements this mission through a distinguished faculty, a curriculum of integrated learning and a community of learning and professional service.

**Faculty Excellence and Integrated Learning.** The faculty is distinguished by its pedagogical skills, experience, scholarship and profound commitment to the enterprise of legal education and the values of the legal profession. Because we value both the theory and practice of law, our curriculum integrates traditional classroom instruction in legal doctrine, analysis and problem-solving with experiential learning in a range of clinical settings, including simulation courses, client representations, externship programs and co-curricular activities. Building on the knowledge and skills taught in the classroom, these settings challenge students to integrate their analysis of the law with their practical experience and enrich their understanding of the law and their role as lawyers.

**Community of Learning and Professional Service.** The School of Law strives to create a community that reflects the diversity of the society around us and that models what we most honor in the law: reason, respect for process and for differences of background and position, civility and a dedication to justice and fairness. We share an enthusiasm for the study of law, both in and outside the classroom, an appreciation of what law and lawyers are capable of accomplishing for the betterment of society, and a commitment to personal and professional excellence. We value and seek to strengthen our ties with and service to the bench and bar, the legal academy, the broader educational community, alumni and the local community.

ACADEMIC STANDARDS

INTRODUCTION:

The headings used in these Academic Standards are for convenience only and are not to be considered a part of these standards. The information in this publication does not create a binding contract between the student and Western New England University School of Law (“Law School”). Western New England University reserves the right to change any of the requirements and regulations at any time without prior notice. This includes, but is not limited to, the right to modify requirements for admission, retention, or graduation; to change the arrangement or content of the courses, the instructional materials used, the tuition and other fees; to alter any regulation affecting the student body; to refuse admission or readmission of any student at any time; or to dismiss any student at any time should it be in the interest of the Law School or the student to do so.

PART I: DEFINITIONS; COURSE LOAD; AND STATUS

Section 101. Academic Year: An academic year consists of two consecutive semesters beginning with the fall semester, including fall and spring semester. The summer or winter session is not a semester.

Section 102. Completed Credit Hour: Students earn a "completed credit hour" when they receive a grade of “D” or higher.

Section 103. Full-Time Student: A full-time student is one who is enrolled in 12 or more academic credit hours of course work per semester.

Section 104. Variation From Full-Time Course Load: A full-time student may not enroll in fewer than 12 or more than 16 credit hours without special permission from the Dean or the Dean’s delegate. Normally a request for an exception shall not be considered unless the reasons for the request are stated in writing, which will be included in the student's personal file.

Section 105. Part-Time Student: A part-time student is one who is enrolled in fewer than 12 academic credit hours of course work per semester.

Section 106. Variation From Part-Time Course Load: A part-time student may not enroll in fewer than 8 or more than 11 credit hours without special permission from the Dean or the Dean's delegate. Normally, a request for this permission shall not be considered unless the reasons for the request are stated in writing, which will be included in the student's personal file.

Section 107. Maximum Course Load: In no event may a student enroll in coursework in any one semester that exceeds 20 percent of the total credit hours required for graduation.
Section 108. Change of Status: With permission from the Associate Dean for Academic Affairs, students may change from part-time status to full-time status, or vice versa. The number of months in which a student who has changed status can graduate will depend upon how long it takes the student to earn the required academic credits. Regardless of status, all students must comply with the Years Allowed for Completion of Degree Requirements. A student may not complete the J.D. degree in fewer than 24 months or more than 84 months after the student’s first matriculation at any law school.

Because there are numerous possible combinations of full-time, part-time, winter and summer sessions, any student who is contemplating a change of status should consult with the Associate Dean for Academic Affairs as well as Student Administrative Services. A request for permission shall not be considered unless the reasons for the request are stated in writing, which will be included in the student’s personal file.

PART II: DEGREE REQUIREMENTS AND LIMITATIONS

Section 201. Years Allowed for Completion of Degree Requirements: A student may not complete the J.D. degree in less than 24 months or more than 84 months after the student’s first matriculation at any law school.

Section 202. Academic Requirements for Graduation:

A. A student must earn 88 academic credits, no fewer than 64 of which must be earned in courses that meet in regularly scheduled class sessions at a law school, and also satisfactorily complete all required courses and all other requirements, including upper level writing, pro bono, and experiential learning requirements, in order to graduate. In addition, a student must abide by all restrictions on enrollment as described in subsection B unless waived pursuant to subsection E.

B. The Law School imposes a variety of limitations on enrollment in specific courses or combinations of courses. These are described below:

1. A student must successfully complete 28 hours of law studies before enrollment in a clinic or externship.

2. A student may not simultaneously enroll in more than (i) one clinic, (ii) one externship, or (iii) one clinic and one externship.

3. A student may not take more than a total of three externships for academic credit.

4. A student who has successfully completed 28 credit hours of law studies may take an independent study course with the
approval of the Associate Dean for Academic Affairs. Independent study courses include Tutorial Study, Advanced Research, and any other course so designated.

5. A student may not take more than a total of three independent study courses, simultaneously enroll in more than two independent study courses, or take more than one independent study course under the sole guidance of any one faculty member.

6. A student must complete all required courses in sequence as described in the JD Plan of Study.

C. In addition to the limitations described in the prior section, individual instructors, in consultation with the Associate Dean for Academic Affairs, may impose additional restrictions as a condition for enrollment.

D. Upper-level courses are designated as offering a number of “units” of writing from zero to a maximum of three per course. To satisfy the upper-level writing requirement, students must take at least five units of writing from across the curriculum, at least two of which must come from one course. Pursuant to American Bar Association Standards, a student may not use a course to satisfy both this writing requirement and the experiential learning requirement.

E. The requirements in subsection A may not be waived by the Dean or the Dean’s delegate. However, the Dean or the Dean’s delegate is authorized to grant variances from the limitations described in subsection B. All variances shall comply with American Bar Association standards.

Section 203. Last Day of Enrollment: No student may enroll in a course after the close of business on the tenth day of classes of a regular semester or, in the case of summer school, the close of business on the third day of classes for the summer school session.

Section 204. Course Withdrawal:

A. Required Courses: Students are required to enroll in and may not drop required courses without approval from the Associate Dean for Academic Affairs.

B. Restricted Withdrawal Courses: No student may withdraw from a restricted withdrawal course after the time designated by the instructor or subsequent to the second class of the semester, whichever period is shorter. To qualify as a restricted withdrawal course, the course instructor, with the approval of the Dean or the Dean’s delegate, must designate the course as restricted withdrawal in the registration materials. A student who
withdraws from a restricted withdrawal course beyond the period permitted in this section shall receive a “W” on the student’s transcript.

C. Elective Courses: A student in the full-time program may withdraw from a fall or spring semester elective course, other than a restricted withdrawal course, prior to the close of business on the last day of regularly scheduled classes for the semester, provided that the withdrawal does not reduce the student's academic load to less than 12 credit hours that semester. A student in the part-time program may withdraw from an elective course, other than a restricted withdrawal course, prior to the close of business on the last day of regularly scheduled classes for the semester, provided that the withdrawal does not reduce the student's academic load to less than 8 academic credit hours for that semester. A student in the summer program may withdraw from an elective course, other than a restricted withdrawal course, prior to the close of business on the last day of regularly scheduled classes for that summer session.

D. Procedure: A student who wishes to withdraw from a course must complete and submit an official withdrawal form to the Registrar’s Office.

E. Withdrawals and Refunds: Students who withdraw from a course are subject to the University tuition refund policy in effect at the time.

F. Financial Obligations: No student may withdraw and remain in good standing unless all financial obligations have been met

PART III: OTHER ACADEMIC PROGRAMS AND TRANSFER OF CREDITS

Section 301. If a student has completed at least 30 credits, the student may earn academic credit in a program outside the Law School as follows:

A. Combined Degree Programs and Articulation Agreements: Students may earn credit from other institutions pursuant to the terms of a combined degree program or an articulation agreement established between the School of Law and another institution; or

B. Non-JD courses at Western New England University: Students may earn no more than 6 credits by the successful completion of non-JD courses offered at Western New England University. To receive credit toward a law school degree, the student must:

1. Take an upper-level undergraduate or graduate level course(s);

2. Demonstrate that the graduate course(s) contribute to the student’s education in law or particular professional interests;
3. Obtain prior, written approval from the course instructor and the Associate Academic Dean for Academic Affairs of the Law School; and

4. Enroll in and successfully complete the course(s) after matriculating in the JD program.

C. Visiting at Other ABA-Approved Law Schools: Students may earn no more than 15 credit hours while attending another law school approved by the American Bar Association, subject to the prior approval of the Associate Dean for Academic Affairs. Permission shall not be granted to take a course or courses required for graduation at the Law School.

1. Grounds for Approval of Request to Visit During Summer or Winter Session: The Associate Dean for Academic Affairs may approve the petition of a student requesting visiting student privileges if the student's requested course load is no heavier than that permitted by the Law School in its summer or winter session and the courses offered by the law school to be visited are similar to those offered by the Law School.

2. Grounds for Approval of Request to Visit During Academic Year: The Associate Dean for Academic Affairs may approve the petition of a student requesting visiting student privileges if the student's requested course load is no heavier than that permitted by the Law School in a single semester and the courses offered by the law school to be visited are similar to those offered by the Law School. The student bears the burden of demonstrating by clear and convincing evidence that the student’s request meets one of the following requirements:

   a) The petitioner has a demonstrated a special interest in taking a concentration of courses in a defined subject matter, the Law School will not be able to offer that concentration of courses during the petitioner's period of attendance at the Law School, and the petitioner's cumulative grade point average in the Law School is 2.33 or higher; or

   b) The petitioner demonstrates that exceptional personal hardship will result if visiting status is not granted.

Section 302. Transfer of Credits: The Law School will accept the transfer of credit received at another law school during an approved visitation as follows:
A. The Law School will transfer credit only for courses in which the grade received is equal to or higher than the grade point average required for graduation at the law school visited.

B. All grades for which credit is transferred will be reported as Pass for purposes of computing academic averages of students at the Law School. The student's transcript will also include the course name and grade for all courses taken during the visit, including any reported course for which transfer credit is not received. Courses for which transfer credit is not received will be accompanied by the notation "No Credit."

C. In addition to the limitations set out above, the Law School will not accept more than 32 transferred academic credits from an ABA approved law school or 29 transferred academic credits from a law school not approved by the ABA during the student's career at the Law School, including academic credits awarded to a transfer student.

Section 303. Advanced Standing: In the case of admittance of a transfer student, the Associate Dean for Academic Affairs will determine the credit to be awarded toward the Law School's degree.

Section 304. Unapproved Visitation: The Law School does not accept the transfer of credit taken as a visiting student at another law school unless the program of studies was approved in accordance with these Standards.

PART IV: ATTENDANCE AND AUDITING

Section 401. General Attendance:

A. Standard: Regular and punctual class attendance is mandatory, as required by the American Bar Association. This policy reflects the belief that dependability is an essential characteristic of a good lawyer. The policy objectives are to ensure academic success, of which attendance is a major component, and to develop standards of professionalism.

B. Implementation:

1. Faculty members will monitor attendance in their classes, choosing an adequate methodology. Any student who is tardy, or who leaves class early, may, in the discretion of the faculty member, be marked absent.

2. Any student who fails to attend at least 80% of the regularly scheduled class meetings, without excuse acceptable to the faculty member, has not met this Standard. All students are responsible for knowing and complying with this Standard and its implementation.

3. Any faculty member may adopt a more stringent attendance standard
than that in subsection two (2) above by communicating it to the class in writing before the end of the first class meeting or in the course syllabus. A student who fails to comply with such policy has not met this Standard.

4. A faculty member must send a student a written warning when the student is at least one absence away from triggering the faculty member’s request for administrative withdrawal.

5. Whenever a student fails to meet this Standard, a faculty member shall notify the Associate Dean for Academic Affairs and may request that the student be administratively withdrawn from the course.

6. Upon receiving a request from a faculty member that a student be administratively withdrawn from a course, the Associate Dean for Academic Affairs shall do so unless, after consultation with the faculty member, the Associate Dean for Academic Affairs determines that there is good cause not to withdraw the student.

Section 402. Auditing of Courses and Enrollment of Non-JD Candidates in Law School Classes:

A. Statement of Policy: Individuals may enroll in a limited number of courses as auditors, non-degree candidates, or candidates for a degree other than a law degree. However, such enrollment is permissible only when it does not interfere with the ability of the law school to operate in compliance with the ABA Standards and to carry out the Law School’s program of legal education. A student must obtain permission to audit a course from both the instructor and the Associate Dean for Academic Affairs.

B. Auditing: An auditing student is expected to acquire the materials for the course and shall be held to the same attendance standards as all other students. If the student satisfies the conditions of permission to audit, including regular attendance, the course is entered on the student's academic record and the word “Audit” is entered where academic credit and grade would normally be entered.

C. Credits for Degree Candidates: Degree candidates may audit a course, and the credits will not count toward the normal full-time academic course load.

D. Auditing Fees for Non-Degree Students: Non-JD degree students granted permission to audit a course must pay the regular tuition and fees that apply to the course.
PART V. EXAMINATION AND GRADING

Section 501. Purpose: Where appropriate, instructors should utilize both formative and summative assessment methods to measure and improve student learning and to provide meaningful feedback to students. Grades are designed to measure competency in: (a) knowledge and understanding of substantive and procedural law; (b) legal analysis and reasoning, legal research, problem-solving, and written and oral communication in the legal context; (c) the exercise of professional and ethical responsibilities to clients and the legal system; and (d) other professional skills needed for competent and ethical participation as a member of the legal profession.

Section 502. The Grading System:

A. Assessment: The School of Law records letter grades in courses, except where the nature of the course makes a letter grade impractical. The School of Law grade structure for all course work is as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4.00</td>
</tr>
<tr>
<td>A-</td>
<td>3.67</td>
</tr>
<tr>
<td>B</td>
<td>3.00</td>
</tr>
<tr>
<td>B-</td>
<td>2.67</td>
</tr>
<tr>
<td>C</td>
<td>2.00</td>
</tr>
<tr>
<td>C-</td>
<td>1.67</td>
</tr>
<tr>
<td>D</td>
<td>1.00</td>

<tr>

</tr>
</tbody>
</table>

The cumulative grade point average of any student is determined by multiplying each grade given for every graded course, including courses in which the student received a grade of F, by the total number of semester hours assigned to that course, and then dividing the product by the number of graded credits attempted. Grade point averages are calculated to the second or hundredth decimal place and are not rounded upward or downward. Academic credit is granted for a final grade of D or higher. If a student receives a failing final grade in a course, the grade is included in calculation of grade point average, but the failed course is not included in calculating the total credits completed for graduation.

B. Grade Normalization: The law faculty has adopted a grade normalization policy for all graded courses. Under this policy, a faculty member who is teaching a required course or a large section course (25 students or more) must distribute grades so that the median grade for the class is a B, with the distribution as follows:

- A- and above: 0-25%
- B- and above: 40-85%
- C- and above: 75-100%
- D+ and below: 0-25%

A faculty member who is teaching a graded course other than a required course, a large section course, or a small section course (eight or fewer students) must distribute grades so that the mean or average for the class falls within the range of 2.90 to 3.67. Faculty members whose grades fall outside those limits are required to request a variance from the Associate Dean for Academic Affairs before grades
are distributed. The Dean or Dean’s delegate shall review all course grades submitted. After review, course grades shall be posted by the Registrar by course and examination number.

Section 503. Pass-Fail Courses: In designated courses, a grade of P (Pass) is assigned if the student satisfactorily completes the course. A grade of P in a pass-fail course does not have a grade point value, but is intended to reflect work equivalent to the letter grades of A through C+. A grade of F in a pass-fail course is intended to reflect work equivalent to the letter grades of C through F. A grade of F (Fail) in a pass-fail course is treated as if it were a letter grade of F when calculating the student's grade point average.

Section 504. Unsatisfactory Grades: Grades of C, C-, D+, and D are considered Unsatisfactory. A grade of F is considered Failure and no credit is awarded. A student with a grade point average of less than 2.33 at the end of the spring semester of any academic year is subject to dismissal.\(^1\)

Section 505. Required Courses in Which a Failing Grade is Received: Any required course in which a failing grade has been received must be repeated in the next academic period in which the course is offered unless the Associate Dean for Academic Affairs approves an alternative schedule. If a student receives a failing final grade in a course which is a prerequisite to an advanced course, the prerequisite course must be satisfied before the advance course may be taken. If a student is required to repeat a course because of a failing final grade, the original grade is included in the calculation of “completed” work for the purpose of grade average calculation, even though the failed course is not used in calculating the total credits required for graduation.

Section 506. Grades of Incomplete: A student who is given a grade of Incomplete in a course shall have an extension of time satisfactory to the instructor to complete the necessary coursework. However, the extension date shall not be later than the last day of the following semester’s regularly scheduled examinations. The instructor shall submit the student’s final grade by the grading deadline of that semester. The Registrar, in consultation with the Associate Dean for Academic Affairs, will convert the Incomplete to an "F" if the grade is not submitted by the grading deadline. Exceptions to this rule may be made only in cases of extreme hardship and with the approval of the Associate Dean for Academic Affairs.

Section 507. The Examination Process:

A. Materials Permitted at the Examination: Each instructor shall state which materials are permitted in the examination in the instructor's course. It is the policy of the Law School that an item or material is not to be authorized unless its content is necessary to a proper analysis and solution of one or more problems on the examination, such as a statute on which the problem is based.

---

\(^1\) The policy in effect for students who entered the Law School prior to fall 2014 required a grade of 2.0.
B. Form of the Examination: The examination should be by either written examination or term paper. The examination should not be an oral examination, nor should it be a progress report graded by fellow students. The intent is to have a meaningful faculty assessment of the student's work product.

C. The anonymous grading system shall apply to all examinations.

D. Rules for Examinations: The Dean or the Dean’s delegate shall be responsible for establishing rules to govern the examination process. Those rules shall include, but not be limited to, the following:

1. No more than one student at a time may leave the room. Students must sign out at the proctor's desk and cross off their names upon returning. Students are not allowed to take any examination material from the room at any time and are not permitted to consult, obtain, or access any material while outside the exam room.

2. No conversation is allowed during the examination. If a student has a question, the student shall write the question on scrap paper and give the question to the proctor.

3. When the proctor announces that the exam time is up, all students shall stop writing immediately. It is a violation of the Honor Code to continue writing once the examination has ended.

4. When finished, students shall turn in their examination questions together with any scrap paper. All students must cross their names off the roster and quietly leave the room.

5. Students who type their examinations shall return them to the proctor from whom they secured the examinations.

6. Late arrivals are not allotted extra time. Proctors shall ask a student who arrives late if they are willing to take the exam in the reduced time. Students unwilling to accept the reduced time shall report to the Registrar’s Office.

7. Any breach of anonymous grading, whether by including personal identifying information or such notations as “graduating senior” on an examination, shall be reported to the Honor Code Committee.

E. Take-Home Examination: Requirements:

1. An instructor may give a take-home examination under such conditions as the instructor deems appropriate in consultation with
the Associate Dean for Academic Affairs.

2. The anonymous grading system shall apply to take-home examinations.

3. If an instructor decides to use a take-home examination, notice shall be given to the students and the Associate Dean for Academic Affairs. That notice should be given before the end of the add/drop period.

Section 508. Illness Before Examination: If a student becomes ill before commencing an examination, the student must attempt to notify the Dean or the Associate Dean for Academic Affairs prior to the commencement of the examination to obtain permission to reschedule the examination. When the Dean and Associate Dean for Academic Affairs are unavailable, the ill student shall have the right to decide not to take the examination but must notify the Dean or the Associate Dean for Academic Affairs of the illness as soon as possible following the examination. If a student leaves an examination for illness or for any other reason, the examination will be graded.

Section 509. Examinations in First-Year Courses: In all first-year courses that are graded with a final exam, professors will provide additional assessment or assessments during the semester that comprise(s) at least 20%, but not more than 60%, of the final course grade. For purposes of this section, a "first year course" means Constitutional Law, Contracts, Criminal Law, Civil Procedure, Property or Torts, whether offered in the day or evening. The assessment(s) must include formative feedback.

Section 510. Departure from Examination Schedules: No instructor has the authority to grant to a student a departure from the examination schedule. Any student who desires a departure from the examination schedule shall make the request to the Associate Dean for Academic Affairs at the time or times designated:

A. A student shall be granted a departure from the examination schedule for a conflict. In that event, the make-up examinations must be taken in the next regularly scheduled examination period that does not constitute a conflict. An official conflict form must be submitted prior to the examination period. A conflict in the examination schedule is defined as:

1. two examinations simultaneously;

2. two examinations in successive examination periods (including night-morning but excluding Saturday-Monday);

3. two examinations on the same day;

4. three examinations on three successive calendar days for part-time students employed full-time who certify that they cannot obtain time off during the examination period;
5. four examinations on four consecutive calendar days, unless the student has a reading period of four consecutive calendar days (or five non-consecutive calendar days) between his or her last day of classes and the first of his or her four consecutive exams; or

6. four examinations on four consecutive calendar days in any semester in which the exam schedule was not published by the end of the fifth day of classes.

B. In the event of an emergency, the Associate Dean for Academic Affairs may grant a departure from the examination schedule.

C. It is a violation of the Law School Honor Code to "[a]cquire information concerning an examination or assignment without the instructor's authorization;" and/or to discuss "any aspect of an examination or assignment that one has taken or is currently taking with any person who is currently or will later be taking the same examination or assignment, without the instructor's authorization." Honor Code §2.2(b)(1) and §2.2(b)(8).

Section 511. Reporting Grades: Unless otherwise announced by the Dean, the following procedure applies:

A. For the fall semester, instructors shall report all final examination grades to the Registrar not later than the day before the Registrar’s Office opens after the Winter Recess. For all semesters other than fall semester, Instructors shall report all course grades to the Registrar not later than 14 days after the date of the last final examination.

B. The Registrar shall record the course grades as part of each student's academic record when the course grades are released.

Section 512. Faculty Requests For Change of Course Grade: There is a strong presumption of finality to all final course grades. Changes may be made to a final exam grade only at the request of a faculty member. The Dean or the Dean’s delegate may approve only such changes that are required to correct a mathematical error. The Dean shall submit all other requests by the faculty member to the Academic Standards Committee where there shall be a presumption against approving that recommendation. The faculty member shall bear the burden of overcoming that presumption.

Section 513. Preference for Anonymous Grading:

A. The Law School uses an anonymous grading system for the determination of a student's grade on examinations and for the course, unless it is impractical to employ anonymous grades. It is impractical to use anonymous grades in, inter
alia, experiential learning courses, moot court, independent studies or tutorials, writing courses, or courses where grades are based on individual or group projects. In all other instances, the faculty shall adhere to anonymous grading.

B. Individual Projects or Interim Examinations: Individual or group projects or interim examinations may be used by instructors to be evaluated toward the course grade.

C. File of Final Examinations: The Law School shall keep an official file of all final examinations administered to students. Each instructor shall give the Registrar’s Office at least two copies of each examination that counts toward the final grade.

D. Preservation of Final Examinations: Each instructor shall deliver to the Registrar’s Office all final examination books to be kept on file for at least one year after the examination has been graded.

Section 514. Integration of Non-Anonymous with Anonymous Grades:

A. Integration of Projects with Anonymous Examination Grades: If an instructor uses projects or similar non-anonymous methods of assessment as part of the course grade, the instructor shall submit a list of students by name, showing their project or program grades at the same time as submission of anonymous examination grades by examination number. The instructor shall also state the percent of course grade attributable to the project or program. The Registrar shall integrate the grades according to the instructor’s formula after which the instructor shall designate the final grade.

B. Grade Increase for Superior Classroom Participation: The faculty believes that student performance in the classroom is an essential part of the educational process. An instructor may recognize superior classroom performance by individual students by adding a one-third (1/3) letter grade increase to the student’s course grade for grades other than A or F. The following procedures apply:

1. No instructor may award an increase for classroom participation unless the instructor has announced the intention to do so in a regular meeting of the class within the first three weeks of class or in the course syllabus.

2. To make an addition to the grades of individual students, the instructor shall submit a list of the names of those students whose course grades are to be benefited by the practice at the same time that the instructor submits the list of final examination grades by student examination number.
3. The Registrar’s Office shall integrate the classroom participation letter grade increase with examination grades and project scores, if any.

Section 515. Honors: The Law School awards degrees with honors at graduation for superior scholastic achievement. Students may be recommended for honors if they have completed a minimum of 58 credit hours at Western New England University School of Law. Academic honors will be granted upon graduation to those students whose cumulative grade point average is within the highest 15% of the graduating class, provided that no honors will be granted to any student whose cumulative grade point average is below B.

A. Summa Cum Laude: Any student who would otherwise receive magna cum laude honors upon graduation may be graduated summa cum laude, if, in the opinion of the Academic Standards Committee, the student has achieved unusually outstanding academic excellence as indicated by the student’s cumulative grade point average.

B. Magna Cum Laude: Any student, other than a summa cum laude graduate, whose cumulative grade point average is included within the highest 3% of the cumulative grade point averages in any graduating class will receive magna cum laude honors upon graduation.

C. Cum Laude: Any student, other than summa cum laude and magna cum laude graduates, who is entitled to graduate with honors, will receive cum laude honors upon graduation.

D. Dean’s List: The Dean’s List consists of the top 15% of each class grouped by expected graduation date based on the semester average. Dean’s List will be awarded at the end of every semester after the first year. Non-degree students are not eligible for Dean’s List.

PART VI. ACADEMIC WARNING; DISMISSAL; AND REINSTATEMENT

Section 601. Academic Warning: The “academic warning” status is informational to assist students in achieving academic success and is an internal designation only that is not noted on students’ transcripts.

A. Reporting of Grades: Each semester, the faculty reports grades to the Registrar’s Office, and the Registrar’s Office calculates a cumulative grade point average for each student.

B. Academic Warning, Imposition: At the end of every first-year semester for full-time students and every first- and second-year semester for part-time students, a student will be placed on academic warning if either of the following conditions exist:
1. the student’s cumulative final grade point average for all of the following courses taken as of that date is at or below 2.67: Constitutional Law, Contracts, Criminal Law, Civil Procedure, Property, Torts, and Lawyering Skills; or

2. the student has one or more final grades below a “C+” in Constitutional Law, Contracts, Criminal Law, Civil Procedure, Property, or Torts.

Section 602. Requirements of Students on Academic Warning: Each student on academic warning is required to:

1. enroll in and complete the academic success program;

2. have course selections for all subsequent semesters approved by the Associate Dean for Academic Affairs or Dean’s delegate to ensure that the chosen curriculum provides an academically rigorous education and improves the likelihood of academic and bar success;

3. meet regularly with the Director of Academic Success Programs or the Dean’s delegate to strategize for success; and

4. obtain prior approval from the Associate Dean for Academic Affairs or the Dean’s delegate before serving as an officer in any student organization.

Section 603. Penalty for noncompliance: Failure to comply with the conditions identified in Section 602, above, as determined by the Director of Academic Success Programs, at any time, will lead to academic dismissal for poor scholarship. The Director of Academic Success Programs will report non-compliance to the Associate Dean for Academic Affairs, who, in consultation with the Dean and the Dean of Students, will determine whether dismissal is appropriate. Upon such determination, the Associate Dean for Academic Affairs will direct the Registrar to withdraw the student from the Law School due to poor scholarship. The student may petition the Academic Standards Committee for Reinstatement as noted below.

Section 604. Petitioning for the Removal of Academic Warning Status: Academic warning status will remain in effect throughout a student’s enrollment at the Law School. A student on academic warning may petition the Director of Academic Success for the removal of that status, but may do so no earlier than one semester after the status has been imposed. The Director may consider any relevant information in evaluating the petition. If the Director concludes that, in an exceptional circumstance, the academic warning status is no longer necessary for the student, the Director shall make that recommendation to the Associate Dean for Academic Affairs, who, in consultation with the Dean and the Dean of Students, may decide to remove the student from academic warning. This decision is non-reviewable.

Section 605. Dismissal for Poor Scholarship: A student will be dismissed for poor scholarship if the student's cumulative grade point average at the end of the spring
semester of any academic year is less than 2.33. A student is not eligible to graduate if the student's cumulative average on all work completed is less than 2.33.

Section 606. Procedure Relating to Petition for Reinstatement After Academic Failure:

A. Notice of Failure: At the close of each spring semester, the Law School Registrar shall send a list of students to be dismissed due to grade point averages to the Associate Dean for Academic Affairs, who shall then send a written notice of dismissal to each such student. The notice shall be accompanied by a statement of the Academic Standards relating to dismissal, reinstatement, and the procedure for filing a petition for reinstatement.

B. Petition Procedure: The procedure for filing a petition for reinstatement is as follows:

1. Time for Petition: A petitioning student must file a petition for reinstatement within 15 days after the date of mailing of the notice of dismissal. The student shall file the petition with the Associate Dean for Academic Affairs.

2. Form and Style of Petition: A petition for reinstatement shall be typed and titled "Petition for an Exception to the Rules for Academic Dismissal."

C. Reference to Academic Standards Committee: The Associate Dean for Academic Affairs shall refer any petition for reinstatement filed under Section 606. to the Academic Standards Committee for review.

Section 607. Guidelines for Review by the Academic Standards Committee:

A. General: The Academic Standards Committee sitting without student members, unless the petitioning student elects otherwise, shall review any petition for reinstatement filed under Section 606. In reaching its determination, it shall be guided by the considerations stated in subsections (B) and (C) below.

B. Specifications of Reason for Academic Failure: The petitioning student must allege and prove that the student possesses the requisite ability and that the prior disqualification does not indicate a lack of capacity to complete studies at the Law School. The petitioning student must also state any extraordinary circumstances beyond the student's control, which rebut the presumption raised by the student's record, and which establish that the deficiency was not due to lack of capacity to complete the program of legal education and be admitted to the bar. If the circumstances are related to physical or psychological incapacity in the course of a semester, or before or during an examination, convincing medical proof must accompany the petition.

C. Scope of Relief: The Academic Standards Committee is authorized to
1. deny the petition; or

2. grant the petition, upon terms and conditions stated by the Committee.

For every admission or readmission of a previously academically dismissed student, a statement of the considerations that led to the decision shall be placed in the student’s file.

D. Guidelines for Readmitted Student: In all cases of readmission the Academic Standards Committee shall determine, on an individual basis, the terms and conditions for readmission, including, but not limited to, the disposition of grades earned prior to readmission. For readmitted students, the grades received by the student in the year(s) prior to readmission being repeated shall not be computed in determining class rank or grade point average, but such grades shall be retained upon the student's transcript. In the case of such student, the following notation shall appear on the transcript: “By faculty action this student was readmitted to the first year for good cause after being dismissed for academic deficiencies. For purposes of computing the student's academic average and class rank on this transcript, only the grades received after readmission are included.”

E. Faculty Review of Decisions by Academic Standards Committee: The Academic Standards Committee shall notify the petitioning student in writing of its decision and of the availability of full faculty review of an adverse decision. The faculty, sitting without student members, unless the petitioning student elects otherwise, shall review the Committee's decision at the request of three full-time faculty members. The petitioning student may appear at the faculty meeting only if the faculty so requests. The faculty shall affirm the decision of the Academic Standards Committee unless, upon review of the available information, the faculty is convinced that the decision is clearly erroneous.

Section 608. Effect of Academic Dismissal:

A. Attendance and Refund: If a student’s cumulative grade point average falls below 2.33 at the end of any semester and/or if a student receives notice of dismissal for poor scholarship while the student is in attendance at the Law School during the next succeeding academic session, the student is eligible to take any final examination or submit any papers or projects for grades for that academic session. However, the student may instead elect to withdraw, in which event the Law School will recommend to the Vice President for Finance of Western New England University that an appropriate refund of tuition be made to any student who is dismissed for poor scholarship during the next succeeding academic session.

B. Eligibility to Petition for Reconsideration: Any former student dismissed for poor scholarship who is not readmitted immediately following dismissal may
petition the Associate Dean for Academic Affairs subject to the following limitations:

1. the petition must be filed not later than 90 days prior to the date upon which the former student wishes to return as a student;

2. the petition must request reentry at a date when at least two years have elapsed after dismissal;

3. the petition must allege and substantiate that the nature of the former student's work, activity, or studies during the interim indicate a stronger potential to complete the program of legal education and be admitted to the bar;

4. this provision applies both to students who filed a petition for readmission at the time of dismissal, and also to those students dismissed for poor scholarship who did not file such petition immediately after dismissal; and

5. the petition shall be reviewed and acted upon by the Academic Standards and Committee.

PART VII. ASSOCIATE DEAN FOR ACADEMIC AFFAIRS

Section 701. The Associate Dean for Academic Affairs is appointed by the Dean for an indefinite term. The Associate Dean for Academic Affairs responsibilities include, without limitation, the following duties:

A. to develop and manage the curriculum;

B. to administer academic standards as applied to individual students, including requests for exception to the Academic Standards; and

C. to develop and manage an effective system of academic and career counseling.

D. The Associate Dean for Academic Affairs or the Dean’s delegate is authorized to grant variances from the Academic Standards in cases of extreme hardship or exceptional merit. All variances shall comply with American Bar Association Standards.

Section 702. Relationship between Associate Dean for Academic Affairs and the Academic Standards Committee:

A. Petitions for Exceptions to Rules: All petitions filed for exceptions to the Academic Standards must be filed with the Associate Dean for Academic Affairs.
B. Reference to Academic Standards Committee:

1. The Associate Dean for Academic Affairs shall refer to the Academic Standards Committee any petition for:

   a) readmission; or

   b) reinstatement after suspension or dismissal from class for poor attendance;

2. The Associate Dean for Academic Affairs shall refer any other petition for exception to the Academic Standards to the Academic Standards Committee.

C. Any student who is dissatisfied with the application of these Academic Standards may pursue the matter with the Associate Dean for Academic Affairs. Thereafter, if the student is still dissatisfied, the student may pursue the matter further by petition to the Academic Standards Committee.

PART VIII. OTHER POLICIES APPLICABLE TO LAW STUDENTS

Section 801. All law students are bound by (1) law school policies; (2) Western New England University policies; and (3) the Honor Code.

Section 802. Law School Regulations and Procedures:

A. Classroom Use: The law school’s facilities are under the exclusive control and reserved for the exclusive use of the Law School. If the facilities are not being used for Law School purposes, then alternative use of the classrooms may be permitted.

B. Use of Recording Devices in Class: No person shall use a recording device in any instructional situation in the Law School without the prior consent of the instructor. Exceptions to this regulation may be granted by the Associate Dean for Law Student Affairs to provide reasonable access and accommodations to persons with disabilities, consistent with applicable law.

C. Registrar’s Files and Information:

   1. Student Information: Each student is requested to complete a form at registration that provides the Law School with the student's local address, telephone number, emergency contact, and information concerning the student's employment while the student is enrolled. Maintenance of the accuracy of the form is the responsibility of each student.
2. Access to File: Under the Family Education Rights and Privacy Act of 1974 (FERPA), a student may inspect and review any and all official records, files, and data directly related to the student in the student's status as a student. The student will also have an opportunity for a hearing to challenge the content of the records to insure that the records are not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student.

3. The opportunity to inspect and review records under the Act may be performed only in the presence of and under the supervision of a member of the staff of the Law School.

4. A student who desires to exercise the opportunity to inspect and review must file a written request to do so.

5. Subsequent to the receipt of the request, but within the 45-day period specified in the Act, the Law School will designate a time and place for the inspection and review of the records and the member of the staff who will be present.

6. The Law School will give notice of this information to the student on the basis of the address or telephone information provided on the request form.

7. If, after the inspection and review, the student desires an opportunity for a hearing to challenge the contents of the records, the student must file a request for a hearing on a form that has been created for this purpose.

8. Confidentiality of Registrar’s Files and Information: The Privacy Act assures students the right to inspect and review all Law School records, files and data directly related to them with the exception of medical and psychiatric records, confidential recommendations submitted before January 1, 1974, records to which they have waived the right to access, and financial records of their parents or guardians.

9. The Privacy Act also prohibits the distribution of grades to parents or guardians without a student's prior written consent, or a statement of dependency from a parent or guardian when the student is a dependent as defined under the Internal Revenue Code.

10. However, the Law School may make public at its discretion, without prior approval, the following information: class year, home address, telephone number, University address and telephone number, major field, date and place of birth, dates of attendance at the Law School, degree honors, awards received, and previous educational institutions most recently attended. A student may limit the release of the discretionary information by filing a special form with the
Provost/Vice President for Academic Affairs of the University each year.

D. Faculty Evaluations: Students shall be afforded the opportunity to evaluate each instructor in each course.

E. Description of Faculty Committees: The Dean shall provide to the Student Bar Association a description of the charge and jurisdiction of each faculty committee for which students are eligible for membership. A student may file with the Student Bar Association a request for appointment to one or more faculty committees, stating the student's preference. The Student Bar Association shall announce a deadline for the receipt of student requests for faculty committee appointments. The Student Bar Association shall then certify the names of students to serve on each faculty committee to the Dean. The Dean shall then announce the names of the faculty and the student members on each faculty committee.

F. Qualifications for Admission to the Bar: In addition to a bar examination, there are character, fitness, and other qualifications for admission to the bar in every U.S. jurisdiction. The Law School encourages all applicants to determine the requirements for any jurisdiction in which they intend to seek admission by contacting the jurisdiction. Addresses for all relevant agencies are available through the National Conference of Bar Examiners.

PART IX. PROCEDURAL RULES FOR THE ACADEMIC STANDARDS COMMITTEE

Section 901. Petitions to the Committee:

A. Meetings with the Committee:

1. Initial Readmission Petitions: An individual who petitions the Committee for readmission to the Law School shall have the right to a meeting with the Committee with respect to the initial petition. Only the student and the Committee may be present at such a meeting.

2. Other Petitions: The Committee may grant, in the Committee's discretion, personal meetings for all other petitions.

B. Student Members: The petitioner may elect to include or exclude student members of the Committee from consideration and/or decision of the petition. Such an election is to be made in writing. If no election is made, student members will not participate in consideration or decision of the petition.

C. Record of Meetings: All personal meetings before the Committee shall be recorded and the record retained by the Law School.
D. Additional Information to the Committee: The Committee may request such additional information it deems necessary or helpful in order to act on a petition. The petitioners shall present all relevant material and information in their written petitions.

Section 902. Petitions for Reconsideration:

A. New or Additional Information: The Committee shall review a petition for reconsideration of a prior petition only to determine if the reconsideration petition contains new or additional information which was not available or which could not reasonably have been available at the time of the original petition. If the Committee determines that the reconsideration petition contains such new information, then the Committee will reconsider its prior determination in light of this new or additional information. If the Committee determines that such reconsideration petition does not contain such new or additional information, the reconsideration will be denied.

B. Action By Committee: The Committee may, in the Committee’s discretion, meet with the petitioner during the reconsideration process; however, the petitioner shall not be entitled to such a meeting as a matter of right.

Section 903. Miscellaneous Rules:

A. Communications with the Committee: Students or persons acting on the behalf of any student should communicate only with the Chair of the Committee with respect to any petition.

B. Notice of Decision: All notices of decision shall be issued by the Chair of the Committee. The decisions of the Committee shall be communicated in writing to the petitioner. The notice of the decision shall be sent to the mailing address of the petitioner as listed on the petition. The petitioner may request that the written notice be held for him/her in the Registrar’s Office of the Law School or that it be sent by another means.

HONOR CODE

PART 1: GENERAL PROVISIONS

1.1. **Scope.** All provisions of this Code, except for Section 2.3(f), apply to the conduct of all students at Western New England University School of Law (the "Law School") during the time they are enrolled in the Law School. Section 2.3(f) applies to the conduct of all students during the time they are applicants for admission to the Law School. A student is subject to disciplinary action for violations of Section 2.3(f) only upon enrolling in the Law School. A student is subject to disciplinary action for violations of this Code, even though the offending student is no longer enrolled in the Law School, subject to the time limitation set out in Section 4.10.

1.2. **Purpose.** The purposes of this Code are:

   a. to establish standards of honorable conduct expected and required of students at Western New England University School of Law;

   b. to constitute and define the authority of the Honor Committee; and

   c. to provide appropriate procedure by which the Honor Committee and faculty enforce the standards this Code establishes.

1.3. **Duties.**

   a. All students have the duty to know the contents of this Code and to conform their conduct to it. All students are presumed to know the contents of this Code. See §2.1(b).

   b. The Law School has the duty to make copies of this Code available to students within one week of their matriculation. In addition, copies of this Code, copies of advisory opinions issued pursuant to §3.5(b), and copies of public records created pursuant to Part 7 shall be made available in the Registrar’s Office and the Law Library. All students are bound by this Code even in the event that a copy of the Code has not been provided to them by the Law School.

   c. As members of the law school community, students should notify the Dean, the Associate Dean, or the Honor Code Committee of conduct that the student reasonably believes constitutes a violation of this Code. However, failing to give notice of such a suspected violation is not itself a violation of this Code.
1.4. **Definition of Faculty.** For purposes of this Code, the faculty shall consist of members of the full-time faculty and the student representatives to the faculty meeting.

1.5. **Construction of Code Provision.** The provisions of this Code shall be construed to further the general purpose of the Code, see §1.2(a), and the specific purposes of the particular provision involved.

**PART 2: STANDARDS OF CONDUCT**

2.1 **Culpability.** Unless a particular Standard of Conduct otherwise provides, a student violates a Standard of Conduct set forth in this Code if the student intentionally, knowingly, or recklessly engages in the prohibited conduct.

a. **Definitions:** As used in this Code, the following terms shall have these respective meanings:

1. **Intentional:** A student intentionally violates a Standard of Conduct when it is the student's conscious object to engage in conduct of that nature.

2. **Knowing:** A student knowingly violates a Standard of Conduct when the student is aware or is practically certain that the student's conduct is of that nature.

3. **Reckless:** A student recklessly violates a Standard of Conduct when the student is aware of a substantial risk that the student's conduct is of that nature but the student nevertheless acts in conscious disregard of that risk. A risk is substantial for this purpose if it would be a substantial deviation from reasonable conduct, given the student's level of academic experience, to engage in that conduct in conscious disregard of that risk.

4. **Negligent:** A student negligently violates a Standard of Conduct when the student reasonably should be aware of a substantial risk that the student's conduct is of that nature. A risk is substantial for this purpose if it would be a gross deviation from a reasonable standard of care for a law student at the student's level of academic experience and engaged in the student's conduct to be unaware of it.

b. **Knowledge of Code:** Every student is presumed to know the contents of this Code, and ignorance of its contents or ignorance of that particular conduct is prohibited under its provisions is not a defense to any violation of the Code.
c. **Intoxication**: If a student is found to have been voluntarily intoxicated at the time the student acted in violation of a Standard of Conduct, that student shall be deemed by virtue of that intoxication to have acted recklessly with respect to each such violation. If the Standard of Conduct in question requires proof of knowledge or intent, the Committee fact finders may consider evidence of intoxication insofar as it is relevant to whether or not the required knowledge or intent has been proven.

**Explanation**: This section establishes recklessness as the minimal standard of culpability for all offenses under this Code, subject to the imposition of a higher standard of culpability for individual offense within particular sections of the Code. This section rejects the idea that negligent behavior can constitute violation of the standards of conduct, or that a violation can be found solely on the basis of the effects of the student's actions (strict liability). The requirement of culpability is consistent with an Honor Code's purpose of delineating standards of honorable behavior and punishing only dishonorable conduct rather than punishing any actions that lead to harm.

This section also makes clear that ignorance of the Code is no defense to a charged violation. This rule is consonant with the fact that this is an Honor Code which represents the ethical intuitions of all members of the community, rather than a technical set of directives.

2.2. **Academic Standards.** The following conduct of a student relating to any Law School course (including Law Review, independent studies, tutorials, internships, moot court, and clinics), in intramural or interscholastic lawyering skills competition, or research assistant services is a violation of this Code.

a. **Plagiarism.**

1. **Definition.** Plagiarism is the written representation of the written words or ideas of another as one's own. Written words or ideas include all representations in tangible media, including audio and video recordings of oral presentations.

2. **Inference.** A student's representation of the words or ideas of another without providing appropriate citation or attribution at the point of the presentation of such words or attribution at the point of the presentation of such words or ideas is sufficient to permit an inference of plagiarism.

3. **Presumption.** The Committee shall presume that the student has plagiarized if the student represented the verbatim or substantially identical words of another as the student's own
words by failing to use quotation marks. This presumption shifts to the student the burden of persuading the Committee that the presentation of these words without quotation marks was not intentional, knowing or reckless.

Explanation: To represent as one's own the written words or ideas of another is dishonest. Such presentation nearly always violates the integrity of the person whose words or ideas are misappropriated. Plagiarism also violates the legitimate expectation of an instructor that written work offered by someone as his or her own was truly prepared solely by that person and not in whole or in part by someone else.

In order to be sure of avoiding plagiarism, a student who uses the written words or ideas of another person, whether they are found in a published or unpublished work, or are produced through a collaborative effort with another student, must, for each instance of usage, indicate the source by way of a footnote or textual reference, and must enclose any passages taken directly from the source within quotation marks. A student may not slightly alter the written words of another and then simply provide a textual attribution to the source; in this case the student is required either to place the verbatim words of another within quotation marks, or substantially change the words by paraphrasing. Using the unwritten words or ideas of another student (e.g. receiving that student's assistance in preparing an assignment when assistance is not permitted) is not plagiarism, but may constitute a violation of this Code under Section 2.2(b)(3).

A student commits plagiarism only if the student acts intentionally, knowingly or recklessly. See §2.1. The provision makes clear that representing the words or ideas of another without proper citation or attribution is sufficient conduct from which to draw an inference of intent, knowledge or recklessness, and that such inference is sufficient to support a finding of plagiarism.

In those cases where a student has used another's words verbatim, or with minimal paraphrasing, without using quotation marks, the permissible inference becomes a mandatory presumption. This means that a student must be found to have plagiarized these words unless the student persuades the Committee that the use was not intentional, knowing or reckless.

An instructor may authorize conduct that otherwise fits within the definition of plagiarism, as for example by permitting students in a simulation class to utilize standard interrogatories from form books as part of a drafting exercise. A student may raise the question of authority as an affirmative defense. However, in a dispute between
the instructor and the student as to whether authorization was given, the student bears the burden of proof. See §2.4.

b. *Cheating.* Cheating in connection with an assignment or examination is:

1. Acquiring information concerning an examination or assignment, without the instructor's authorization;

2. Taking an examination for another student in whole or in part, permitting another student to take one's own examination in whole or in part, or collaborating with another student by taking an examination jointly, without the instructor's authorization;

3. Preparing an assignment for another student in whole or in part, permitting another student to prepare one's own assignment in whole or in part, or collaborating with another student by preparing an assignment jointly, without the instructor's authorization;

4. Removing an examination from the examination room in order to give or receive assistance on the examination;

5. Using materials not authorized by the instructor while taking an examination or completing an assignment;

6. Failing to follow instructions concerning the administration of an examination, including the instruction to stop writing;

7. Breaching the anonymity of an anonymously graded examination or assignment;

8. Discussing any aspect of an examination or assignment that one has taken or is currently taking with any person who is currently or will later be taking the same examination or assignment, without the instructor's authorization;

9. Submitting work previously submitted for any other purpose, without authorization;

10. Falsely claiming sickness or disability to secure a deferred examination or assignment due date; and

11. Assisting another student with legal research for any writing assignment, or receiving such assistance, without the instructor's authorization. Providing or receiving general assistance with generic research skills or strategies is not
cheating unless this manner of assistance has been prohibited by the instructor.

c. *Unauthorized Taking of Academic Materials.* An unauthorized taking of academic materials occurs when a student takes any academic materials (notes, books, papers, outlines, computer disks, or other work product) from any other student who owns or is using such materials, without that other student's consent.

d. *Library Misconduct.* Library misconduct includes:

1. Defacing, mutilating, or destroying library material or equipment;
2. Hiding or knowingly misfiling library material;
3. Knowingly removing library material from the library without checking out the materials;
4. Intentionally using any computerized research services covered by a contract to which the Law School or its Library is a party in a manner that violates such a contract. Generally, permitted uses include: work for Law School courses, work in connection with other activities listed in Section 2.2, work as a research assistant to a faculty member, and authorized research regarding employment opportunities; and
5. Creating disturbances that are inconsistent with the rights of others to a quiet study environment.

2.3. *Non-Academic Standards.* Non-academic misconduct is addressed by the terms and policies of Western New England University. Students of the Law School are fully subject to the University Code of Conduct, Student Handbook, standards, processes, and remedies set forth therein. In addition, the following conduct is a violation of this Honor Code:

a. *Misconduct in Seeking Admission.* Misconduct in seeking admission is knowingly providing false or misleading information to any person to gain an advantage in securing admission to the Law School.

b. *Misconduct in Seeking Employment.* Misconduct in seeking employment is knowingly providing false or misleading information to any person to gain an advantage in securing employment.

c. *Non-Cooperation with Honor Committee.* Non-cooperation with the Honor Committee is the refusal to meet with and provide information to the Honor Committee or its representatives with respect to any investigation or proceeding under this Code. No student is required to provide information of a self-incriminating nature.
d. *False Statement.* False statement is making a false or misleading statement to the Honor Committee or its representatives with respect to the Honor Committee or its representatives with respect to any matter under investigation or review pursuant to this Code.

e. *Breach of Confidentiality.* Breaching confidentiality is knowingly revealing, without authorization, information obtained through participation in a formal Law School activity (such as a Student Bar Association committee, a Law School governance committee, Law Review, or some form of employment by the Law School or University) if that information is of a confidential nature.

2.4. **Proof of Violations.** The following rules govern the proof of a violation of this Code:

a. *Burden of Proof.* The investigators bear the burdens of production and persuasion, except as otherwise provided in this section.

b. *Standard of Proof.* The standard of proof necessary to establish a violation and any affirmative defense to a charged violation is a preponderance of the evidence.

c. *Affirmative Defenses.* In proving an affirmative defense to a charged violation of a Standard of Conduct, the accused student shall bear the burdens of production and persuasion.

   1. Proof establishing that prohibited conduct occurred in the circumstances, other than lack of authorization, described by any Standard of Conduct in Section 2.2 shall give rise to a presumption that the conduct was not authorized and that a student's unawareness of such lack of authorization was reckless.

   2. It is an affirmative defense that the offending conduct was authorized by the instructor or that, if unauthorized, the student did not have the prescribed level of culpability concerning that lack of authorization.

2.5. **Duty to Report Violations.** Failure to report an act which may constitute a violation of this Code is not itself a violation of the Code. However, as members of the Law School community, students are expected to notify the Dean, the Associate Deans, or the Honor Committee of conduct that the student reasonably believes constitutes a violation of this Code.
2.6. **Residual Authority.** Although only the Honor Committee may determine that a student has violated this Code, nothing in this Code shall limit the authority of:

a. instructors to establish academic standards of performance for their courses, to evaluate student performance under these standards, and to impose such sanctions for failure to adhere to these standards as is within the authority of the instructor, including without limitation, the authority to give a failing grade to the student for the course; and

b. the Dean or the faculty to take measures to protect the physical safety of members of the Law School community, or to maintain conditions compatible with the educational process or institutional integrity of the Law School.

**PART 3: THE HONOR COMMITTEE**

3.1. **Composition.** The Honor Committee should consist of three members of the faculty, chosen by the faculty, and three law student representatives chosen by the Student Bar Association. The Student Bar Association also will designate two alternate members at the beginning of the year. At the beginning of each academic year the Committee shall select a chair for that year from among its members.

3.2. **Quorum.** A quorum for any meeting of the Committee shall consist of three members, except that a quorum for purposes of a hearing under Part 5 shall consist of four members acting as judges.

3.3. **Withdrawal of Members.** A member of the Committee may withdraw from the consideration of any Committee matter if such member believes that participation would be improper or unwise. A member of the Committee shall withdraw from consideration of any Committee matter if such member provided the statement of violation to the Committee, if such member may reasonably be expected to testify or otherwise furnish information regarding facts pertinent to the matter, or if such student member is charged with a violation of the Code in the matter before the Committee.

3.4. **Replacement of Members.**

a. Whenever a faculty member of the Committee withdraws from participation pursuant to Section 3.3, the Chair shall appoint another faculty member to serve. Whenever a student member of the Committee withdraws from participation pursuant to Section 3.3, the Student Bar Association President shall appoint one of the alternates designated pursuant to Section 3.1 to serve.
b. Whenever members of the Committee withdraw from further participation in a matter pursuant to Section 4.6(c), the Dean shall appoint two faculty members, and the Student Bar Association President shall appoint the two alternates designated pursuant to Section 3.1 to serve as the replacements for purposes of the Committee's disposition of that matter.

3.5. **Responsibilities.**

a. The Committee shall resolve all suspected violations of this Code brought to its attention under Section 4.1, according to the procedures set out in Parts 4 and 5 of this Code.

b. The Committee may also issue written advisory opinions as to whether particular hypothetical conduct constitutes a violation of this Code.

c. The Committee shall carry out all other responsibilities that this Code assigns to it.

**PART 4: INVESTIGATION**

4.1. **Notification of Suspected Violation.** Any person who reasonably believes that a student has violated this Code and who wishes to report such violation shall submit a statement, orally or in writing, containing all relevant information to any member of the Committee.

4.2. **Initiation of Investigation.** As soon as practicable after receiving a statement under Section 4.1, the Committee shall meet to determine whether investigation of the matter described in the statement is warranted. If the Committee determines by majority vote that investigation is warranted, the Chair shall appoint one faculty member and one student member of the Committee to serve as investigators. Investigators shall not thereafter act as members of the Committee with regard to the matter under investigation.

4.3. **Investigation.**

a. The investigators shall conduct their investigation in whatever way they consider appropriate, including gathering relevant documentary evidence and speaking to the person who referred the matter and other persons who may have relevant information. The investigators shall not reveal the name of the person who notified the Committee of a suspected violation or the name of the student whose conduct is under investigation unless doing so is necessary to their investigation.
b. Before concluding their investigation, with respect to any student whose conduct is under investigation, the investigators shall:

1. notify such student in writing of the investigation;
2. provide such student with a copy of this Code; and
3. advise such student in writing that the Code details the student's rights and responsibilities concerning all investigations and proceedings regarding alleged violations.

c. The investigators shall complete their investigation within two weeks of the date of their appointment or within such longer time period as may be authorized by the Chair for good cause.

a. After completing their investigation, the investigators shall decide whether to issue a complaint against any student. The investigators shall not issue a complaint only if they reasonably believe that no violation of this Code has occurred, that sufficient evidence does not exist and cannot be obtained to support a complaint or that the matter can be resolved informally pursuant to Section 4.5.

b. If the investigators do not issue a complaint, they shall report to the Committee in writing the reason for their decision. Where appropriate, the report may include the views of any member of the Law School community having substantial interest in the matter.

c. Unless disapproved pursuant to Section 4.6, the investigators' decision not to issue a complaint becomes the Committee's final decision on the matter and is not further reviewable under this Code.

4.5. Informal Resolution.

a. Subject to the disapproval of the Committee pursuant to Section 4.6(a), the investigators are authorized to resolve informally a matter referred to them, except as otherwise prohibited by state, federal, or local law, if:

1. the Honor Committee reasonably believe that there are substantial grounds for deciding not to issue complaint;
2. they reasonably believe that no sanction is appropriate or that an appropriate sanction for the violation is one or more of the sanctions set out at Sections 5.4(d)(1)-(4); and
3. the student under investigation agrees to accept the resolution proposed by the investigators.

b. Whenever the investigators resolve a matter informally, their written report under Section 4.4 shall set forth the nature of the informal resolution, any sanction, and the investigators reasons for deciding not to issue a complaint.

c. An informal resolution may (but need not) provide that the student admit violating this Code.

4.6. **Disapproval of Investigators' Decision Not to Issue Complaint.**

a. The Committee may, by majority vote, disapprove a decision by the investigators not to issue a complaint only if such decision is unreasonable. Upon such disapproval the Committee may, by majority vote, direct the investigators:

1. to investigate the matter further;

2. to seek or to renegotiate, as appropriate, an informal resolution of the matter pursuant to Section 4.5; or

3. to issue a complaint pursuant to Section 4.8.

b. If the Committee directs the issuance of a complaint as authorized by Section 4.6(a)(3), either investigator may withdraw from further participation in the matter pursuant to Section 3.3. If either investigator withdraws, the Chair shall designate a faculty or student member of the Committee, as appropriate, to serve as a substitute.

c. If the investigators issue a complaint after further investigation of a matter pursuant to Section 4.6(a)(1) or after the Committee's direction pursuant to Section 4.6(a)(3), the members of the Committee shall withdraw from further participation in the matter. The Dean and the Student Bar Association President, respectively, shall appoint their replacements pursuant to Section 3.4(b).

4.7. **Disagreement Between Investigators.** If the two investigators disagree as to whether to issue a complaint on a matter under investigation, the investigator who favors the issuance of a complaint shall prepare and issue it pursuant to Section 4.8. The investigator who did not favor issuing a complaint may withdraw from further participation in the matter pursuant to Section 3.3. If that investigator withdraws, the Chair shall designate a faculty or student member of the Committee, as appropriate, to serve as a substitute. At the time of the hearing on the matter, a person appointed pursuant to Section 3.4(a) shall serve as judge in place of the Committee member designated to serve as a substitute investigator.
4.8. **Issuance of Complaint.**

a. *Conditions for Issuance.* After completing their investigation, the investigators shall, within a reasonable time, issue a complaint if they:

1. reasonably believe that a violation of this Code has occurred, that sufficient evidence exists or can be obtained to support a complaint, and that the matter cannot be resolved informally pursuant to Section 4.5; or

2. are directed to do so pursuant to Sections 4.6(a)(3) or 4.7.

b. *Contents.* The complaint shall include a description of the student's alleged conduct, the charges against the student, and a specification of the Code provisions allegedly violated.

c. *Filing and Notice.*

1. The investigators shall submit the original complaint to the Committee for placement in the file maintained pursuant to Section 7.1.

2. The investigators shall, by certified mail, send the student a copy of the complaint and a copy of this Code. Concurrently with the mailing to the student, the investigators shall provide each member of the Committee with a copy of the complaint.

3. The investigators’ failure to provide the student with proper notice under Section 4.3(b) is not a ground for dismissal of the charges against the student. Such failure may constitute good cause for a continuance under Section 5.1.

4.9. **Continuing Responsibilities of Investigators.** After the issuance of a complaint, the investigators:

a. may continue to gather evidence relevant to the alleged violation in preparation for the hearing on the charges set out in the complaint; and

b. retain the authority to resolve the matter informally consistent with the rules set out in Sections 4.4 and 4.5 governing the informal resolution of a matter when a complaint is not issued.

4.10. **Time Limitation.** No investigation shall be instituted later than one year following the student's graduation, final withdrawal, or dismissal from the Law School.
PART 5: HEARING, DECISION AND SANCTION

5.1. **Timing.** As soon as practicable after the Committee receives a copy of the complaint, the Committee shall determine the date, time and place of the hearing on the alleged violation, and notify the student, by certified mail, of the time and place and of the student's rights pursuant to Section 5.2. At any time the Committee may grant a continuance of a hearing for good cause shown.

5.2. **Rights of Student Charged.** A student who has been charged with a violation of the Code shall have the following rights:

a. to be present at the hearing and to be assisted at the hearing by counsel or any other representative of the student's choice;

b. to review (personally and/or through counsel) any information gathered by the investigators and any evidence in the possession of the investigators at a reasonable time prior to the hearing;

c. to present any relevant evidence at the hearing and to cross-examine any witnesses who testify at the hearing;

d. to testify or (without prejudice or adverse comment by the investigators) to refrain from testifying at the hearing;

e. to a closed hearing, or, upon written request to the Committee, an open hearing;

f. to request or oppose at the hearing any particular sanction for violating this Code; and

g. to prepare (at the student's expense) a daily transcript of the hearing record maintained pursuant to Section 5.3(d).

5.3. **Conduct of the Hearing.**

a. **Judges.** The four Committee members shall serve as judges, and they shall appoint one member to serve as presiding judge for the hearing. The presiding judge shall convene the hearing and shall advise the student of the student's rights pursuant to Section 5.2. The presiding judge shall establish fair and efficient procedures, consistent with this Code, for the presentation of evidence and argument at the hearing, and shall rule on any matters arising at the hearing.

b. **Investigators.** The investigators shall present all relevant evidence (including exculpatory evidence) to the judges.
c. **Evidence.** Formal rules of evidence do not apply at the hearing. The presiding judge shall admit to the record any relevant evidence, unless it was obtained unlawfully. The judges may not consider evidence outside the hearing record. Notwithstanding the right to an open hearing provided in Section 5.2(e), witnesses other than the student charged with a violation shall not be present during other testimony unless at least three judges decide otherwise.

d. **Hearing Record.** The judges shall maintain a verbatim record of the hearing, including all testimonial and documentary evidence.

### 5.4. Decision and Sanction.

a. **In Camera Conference.** As soon as practicable after the hearing, the judges shall meet in camera to decide the merits of each charge set out in the complaint and to determine the appropriate sanction if the charged student is found to have violated this Code. The judges may reopen the hearing to take additional evidence for purpose of determining an appropriate sanction.

b. **Finding of Violation.** The judge shall find a violation of this Code only if at least three judges determine that a violation has been proved under the rules established by Section 2.4.

c. **Sanctions.** The judges shall impose one or more sanctions for each violation of this Code. Any sanction imposed shall be agreed to by at least three judges. In reaching their decision as to appropriate sanctions, the judges may not consider evidence outside the hearing record. The judges may take into account the possible impact that the sanctions may have on the student's admissibility to the bar.

d. **Available Sanctions.** Sanctions include one or more of the following:

1. Written warning;
2. Written reprimand;
3. Requiring the student to accept appropriate counseling;
4. Restitution;
5. Probation;
6. Requiring a retake of an examination in a course, or requiring additional work as condition of satisfactory completion of a course;
7. Withdrawal from or withdrawal of credit for a course;

8. Lowering of a grade in a course, including the imposition of the grade of “F”;

9. Suspension for one or more semesters from the Law School;

10. Expulsion from the Law School;

11. Withdrawal of a degree awarded; and

12. Publication to the Law School community of the identity of the student.

e. **Entry on Student's Record.** Written notice of the finding of violation and of the sanctions imposed shall be entered on the student's permanent record unless at least three judges find that the conduct constituting the violation does not raise a serious question as to the student's character and fitness for the practice of law.

f. **Opinion.**

1. Within seven days of the hearing the judges shall prepare a written opinion briefly setting forth: the evidence they considered; their findings of fact; their decision on the merits of each charge set out in the complaint; the sanctions imposed, if any; the reasons for their decisions on the merits and as to any sanctions; and the number of judges who concurred in each aspect of the decision.

2. A judge who disagrees with any aspect of the disposition may prepare a separate opinion.

3. As soon as practicable, the judges shall send a copy of each opinion by certified mail to the student charged in the complaint.

**PART 6: APPEALS**

6.1. **Right of Appeal.** The student may appeal the judges' decision or the sanctions imposed, or both, to the faculty. No sanction shall be imposed pending the faculty decision of the appeal.

6.2. **Notice of Appeal.** Within ten days of receiving the decision, or within such additional time as the Chair may allow, a student who wishes to appeal must submit a written notice of appeal to the Chair. The notice of appeal shall include a brief statement of the reasons for appeal. The student may assert additional grounds for the appeal in the written brief or oral statement permitted by Sections 6.3 and 6.7. As soon as practicable
after receiving notice of an appeal, the Chair shall inform the Dean of its submission.

6.3. **Written Briefs.** The student (or the student’s representative) and the investigators may submit written briefs regarding the appeal.

6.4. **Preparation of Transcript.** At the request of the faculty or the student taking the appeal, the Chair of the Committee shall prepare a transcript of the record of the hearing and make copies of that transcript available at the Law School's expense to the faculty and to the student. The Committee shall make such copies available as soon as practicable.

6.5. **Transmission of Documents.** As soon as practicable, but in no event later than two days before the hearing on appeal, the Chair of the Committee shall transmit to the faculty copies of the written notice of appeal submitted by the student, the complaint, the judge's written opinions and any briefs submitted under Section 6.3.

6.6. **Hearing on Appeal.** As soon as practicable after receiving notice of an appeal from the Chair of the Committee pursuant to Section 6.2, the Dean shall set the date, time, and place for the hearing of the appeal by the faculty and shall provide at least five days advance written notice of this date, time, and location to the student and to the Chair of the Committee. The Dean, or a faculty member designated by the Dean, shall preside at the hearing on appeal.

6.7. **Oral Statement.** The student (and the student's representative) and the investigators may make brief oral statements to the faculty regarding the appeal.

6.8. **Decision on Appeal.** As soon as practicable after the hearing on appeal, a majority of the faculty voting on the appeal shall affirm, reverse, or modify the judges' decision and sanctions, or remand the matter to the Committee. The faculty shall affirm all findings of fact made by the judges unless it determines that the findings were not supported by substantial evidence. The faculty shall not consider any evidence outside the hearing record, although for good cause shown the faculty may remand the matter to the Committee for the purpose of taking additional evidence. The faculty shall review de novo any sanction imposed by the judges, but shall not increase any sanction. The faculty shall also review de novo any interpretation of this Code made by the judges.

6.9. **Withdrawal.** A faculty member may withdraw from participation and voting in the determination of an appeal if such member believes that participation or voting is improper or unwise. A faculty member shall withdraw from participation and voting in the determination of an appeal if the faculty member filed the statement of violation with the Committee, represented the charged student in connection with the charges, or served
as a witness during the hearing. Neither Committee members nor investigators shall be present or vote at the hearing on appeal, except as provided by Section 6.7.

6.10. **Disqualification.** The student may petition the faculty to disqualify not more than two faculty members from voting on the appeal. The student shall present a written memorandum in support of the petition to the faculty. By majority vote, the faculty may grant the petition and disqualify up to two faculty members from hearing the appeal. Faculty members who are the subject of the petition shall not vote on the question of their disqualification.

6.11. **Finality of Decision on Appeal.** Decisions of the faculty under Section 6.8 shall be final. Decisions of the Committee pursuant to a remand by the faculty shall be appealable as provided in this Part.

**PART 7: RECORDS OF PROCEEDINGS**

7.1. **Committee File.**

   a. **Creation and Maintenance.** The Committee shall create and maintain a file with respect to every notification of suspected violation pursuant to Section 4.1 and advisory opinion pursuant to Section 3.5(b). The file shall contain all documents relevant to the Committee’s consideration and disposition of the matter in question.

   b. **Sealing.** Subject to the preparation of records pursuant to Sections 7.2 and 7.3, the Committee shall seal any file maintained as a result of notification of suspected violation at the conclusion of the proceedings.

7.2. **Official Record.**

   a. **Duty to Prepare.** At the conclusion of the proceedings, the Committee shall prepare an official record with respect to every notification of suspected violation pursuant to Section 4.1.

   b. **Matters Resolved Without a Hearing.** When a matter is resolved without the issuance of a complaint pursuant to Section 4.4 or by informal resolution pursuant to Section 4.9(b), the official record shall contain the written report of the investigators and any other information the Committee decides should be retained.

   c. **Matters Resolved After a Hearing.** When a matter is resolved after a hearing pursuant to Part 5, the official record shall contain the hearing record maintained pursuant to Section 5.3(d), the original complaint, the judge’s opinions, any decision on appeal, and any other information the Committee decides should be retained.
7.3. **Public Record.**

a. *Duty to Prepare.* At the conclusion of the proceedings, the Committee shall prepare a public record with respect to every notification of suspected violation pursuant to Section 4.1.

b. *Matters Resolved Without a Hearing.* When a matter is resolved without the issuance of a complaint pursuant to Section 4.4 or by informal resolution pursuant to Section 4.9(b), the public record shall contain the written report of the investigators with the names of individuals excised from the text.

c. *Matters Resolved After a Hearing.* When a matter is resolved after a hearing pursuant to Part 5, the public record shall contain the complaint, the judges' opinions, and any decision on appeal, with names of individuals excised from the text. The Committee shall include in the public record the identity of the person found to have violated the Code only if the judges direct such inclusion as a sanction pursuant to Section 5.4(d)(12).

7.4. **Inspection of Records.**

a. *Official Record.* The Committee subsequently may consult the official record for any purpose relevant to its responsibilities under this Code, but only if the public record is insufficient for that purpose. The administrators of the Law School may inspect the official record only for the purpose of deciding whether to certify the student for admission to the bar. The official record shall not otherwise be disclosed to any person without the prior written authorization of the student.

b. *Public Record.* The Committee shall provide a copy of the public record to each member of the faculty and, for decisions finding a violation, shall make the public record available to the Law School community pursuant to Section 1.3(b).

7.5. **Preservation of File and Records.** After three years from the student's graduation, expulsion, or final withdrawal from the Law School, the Committee may destroy any material contained in the Committee file or in the official record of a proceeding under this Code, other than the judges' opinions and any decision on appeal. The Committee shall permanently retain the public record.
PART 8: RATIFICATION, AMENDMENT AND PROSPECTIVE APPLICATION

8.1. *Ratification and Effective Date.* This Code, and any amendments thereto shall take effect upon ratification by majority vote of the faculty and by majority vote of the Student Bar Association. The effective date of this Code is August 22, 1999.

8.2. *Amendment.* Any student or instructor may propose an amendment to this Code by submitting such amendment in writing to the Committee for its consideration. If four members of the Committee approve such amendment, as modified if appropriate, the Committee shall submit the amendment to the full-time faculty and Student Bar Association for their ratification pursuant to Section 8.1.

8.3. *Prospective Application.* This Code shall apply to conduct only if the conduct in question occurs entirely after the date of ratification. Amendments to this Code also shall have only prospective effect. Conduct not governed by this Code is governed by the Honor Code in effect at the time the conduct constituting an alleged offense commenced.

MAIL SERVICES
Campus Utilities Building (CUB), (413)782-1509
http://wne.edu/mailroom
All mail and package deliveries are made to Campus Mail Services located in the Campus Utilities Building. From there, USPS and intra-campus mail is delivered to student mailboxes located in the Campus Center. Student mail is usually delivered to the Campus Center in the early afternoon.
All resident students are assigned a mailbox. Commuter students may also be assigned mailboxes and can receive keys by visiting Mail Services. If a package arrives that will not fit in the student mailbox a notice will be placed in the box. The student can pick up packages at Mail Services. Hours of operation are Monday-Friday 8:00 a.m. - 4:00 p.m. and Saturdays (during the school year) from 8:00 a.m. - 12:00 p.m. When picking up a package, student must bring the notice and a valid University ID.
Please address all student mail as follows:
Student Name
Mailstop # ________ (Mailstop # is box number assigned by Mail Services)
Western New England University
1215 Wilbraham Road
Springfield, MA 01119
Students keep the same mailbox as long as they are an active student.
Students leaving the University (graduating, withdrawing, transferring, suspension, etc.) must return their mailbox key to Mail Services prior to leaving. Seniors are to return key prior to Commencement. There is a $45 charge for unreturned mailbox keys.
If a resident student moves off-campus and becomes a commuter, he/she must notify Mail Services at 413-782-1509 if they no longer want an on-campus mailbox. Unless you request that Mail Services close the box, University departments will continue to send important mail to your campus mailbox. Mailbox key must be returned to Mail Services to avoid the $45 charge. If the key is mailed back to Mail Services, please provide your name and box number to ensure that your key card is updated and place the key in a padded envelope and write on the envelope “Hand Stamp”. If key is placed in regular envelope, the envelope does not pass through United States Postal Services machinery well, and the key is lost or the envelope is not returned to the University. Mail services include: overnight and international shipping, FedEx, UPS, certified mail, postal services and shipping supplies. There is a charge for some shipping supplies. Mail Services accepts checks and cash. They do NOT accept credit cards. Stamps are also available at SAS (Bank counter) and at the University Bookstore. SAS/Bank offers single stamps or a book of stamps.

Actual costs for use of Public Safety officers are the responsibility of the sponsoring organization.
RESIDENCE LIFE
Campus Center, Second Floor, (413)782-1317
http://www1.wne.edu/residencelife

RESIDENCE LIFE MISSION STATEMENT
In partnership with the Office of Residence Life, students create opportunities that foster personal development, leadership skills, and academic success. Together we strive to create safe, supportive, and inclusive residential communities in which students practice and promote respect, community involvement, and acceptance.

RESIDENCE FACILITIES
Different types of residential living units are available to students as they proceed from their freshmen to their senior year at Western New England University. To be considered for campus residency, the student must be actively enrolled at the University as a full time, undergraduate or graduate degree candidate. Since campus residency is optional at the university, the student must initiate a request for accommodations through the provision of a non-refundable, non-transferable payment. Receipt of this payment authorizes student-initiated participation in the online housing selection process, known as the Housing Management Application (HMA). To confirm campus residency, the student is responsible for completing all components of the online process. Otherwise, the University presumes the student has made other arrangements for accommodations as a commuter.

GENERAL INFORMATION ON POLICIES AND PROCEDURES
The policies and procedures provide a framework for students, individually and collectively, as members of a larger community during their time at Western New England University. These policies and procedures are not simply a list of essential expectations for personal behavior or use of physical space; they exist to inform students of both their rights and their responsibilities as students.

We recognize that not every student chooses to live on campus; however, numerous commuting students do visit their peers where they reside on campus. Comprehensive information may be found on the Residence Life website and other resources provided by the department.

VISITATION IN THE RESIDENCE AREAS
A guest (any person who is not a Western New England University undergraduate or post baccalaureate student) or a visitor (a Western New England University undergraduate or post baccalaureate student who is not assigned to that particular location he/she is visiting) may interact with a student in his/her assigned place of residence. Guests must be 18 years of age or older; guests under the age of 18 need to provide written documentation from parents/guardians for consent. Visitation is a privilege and may be limited or revoked if abused. Displacement and/or inconveniencing of any member of the residential community in order to accommodate a guest or a visitor are unacceptable and subject to accountability. The presence of an overnight guest or visitor should normally not exceed two consecutive nights. Please refer to “Visitation Policies in Campus Housing” in the Student Code of Conduct for additional information.

CLOSING OF RESIDENCE FACILITIES
All residence facilities are closed during regularly scheduled vacation periods (including the semester break) and students are not allowed to maintain residency during those times. Exceptions to this policy may be granted by the Office of Residence Life. If approved, occupancy is limited to Evergreen Village or Gateway Village, on a space available basis, and an additional fee for lodging will be assessed.

Any student in housing without approval will be assessed a fine for unauthorized presence and may be required to immediately depart. Students may also register as a late departure, so as to remain in their assigned place of residence until the morning after the residence areas officially close. Departure must occur by 10:00 a.m.

SEXUAL MISCONDUCT ADVOCATE AND RESPONSE TEAM (SMART)
smart@wne.edu, (413) 575-7194
SMART is a group of dedicated volunteer students (men and women) who are trained to assist and provide confidential support to students who have encountered any form of sexual misconduct, and educate the Western New England University community about these issues. If you have been sexually mistreated, we urge you to contact a SMART representative who will offer emotional support, explain all your options, and be there to help you with whatever course of action you choose.

STUDENT EMPLOYMENT
Rivers Memorial 107, (413)782-1679
http://www1.wne.edu/humanresources/

Western New England University’s Student Employment program can help you meet your educational and personal expenses. More than 50% of our undergraduates work on-campus in a variety of positions including but not limited to Office, Research or Lab Assistant, Short Term Temporary Staff, Student Patrol, Facility and Grounds Staff, Interviewer, Equipment Room Assistant, Service Desk Technician, Circulation Aide, Peer Tutor and Mail Clerk.

Through student employment you will have the opportunity to contribute to the Western New England community while learning and practicing skills to use in future jobs and internships. The office of Human Resources, located in Rivers Memorial Building, administers the Student Employment program and is available to assist you in your job search should you need their expertise. There are two types of On-campus Student Employment opportunities: Federal Work Study and institutional.

FEDERAL WORK STUDY

The Federal Work Study Program provides funds for jobs for undergraduate students with financial need, allowing them to earn money to help pay educational expenses. The program encourages community service work and work related to each student’s course of study. Federal Work Study Program is need-based and requires a completed financial aid application on file with the University. The Federal Work Study wages are partially funded by the federal government, which is why many University offices prefer to hire students who have an award.

Federal Work Study funded jobs can be on campus or in some cases off campus. If a student works on campus, they will usually work for the University. Off campus jobs are with federal programs such as America Reads.

Some Federal Work Study jobs involving direct and unmonitored contact with children do require criminal offender record information (CORI) checks.

INSTITUTIONAL

For students not receiving a Federal Work Study award, some University offices have institutional jobs available. Wages for institutional jobs are fully paid for by the University. These are on-campus positions.

On-campus private vendors such as ARAMARK hire independently and not through this program.

GETTING A JOB

Jobs are posted on the Western New England University Human Resources web page and students are encouraged to search for and apply for jobs electronically. To view and apply for jobs, students must register online at www.myinterface.com/wne/student/. Once the student’s information has been reviewed by Human Resources staff, the students account will be activated and they can then log in to update their profile, upload a résumé, view and apply for jobs by following the application instructions, and save their searches as well as view their activity.

Students should actively follow up with their potential employers once they have applied. For further assistance, please contact Myra Quick, Student Employment Coordinator at myra.quick@wne.edu or at (413)782-1529.

STUDENT EMPLOYMENT JOB FAIR

A Student Employment Job Fair is held annually during the first two weeks of the fall semester. Representatives from a variety of University offices and departments attend to recruit student employees. Students will have an opportunity to speak with potential supervisors about the nature of the job responsibilities.

SECTION II
ADDITIONAL ACADEMIC REGULATIONS AND POLICIES

PATENT POLICY
The University’s patent policies are broadly applicable to students as well as to faculty and staff. Like faculty and staff, students’ creativity is enhanced by their exposure to the resources (both physical and intellectual) of the University. The University’s contribution to that creativity is reflected in its policies, which provide that intellectual property including patentable inventions will be owned by the University rather than by the individual inventor.

An invention made by a student will be deemed made under University auspices and therefore the property of the University if: (a) in connection with work in a course in which the student is enrolled or which the student is auditing, or (b) in connection with faculty-supervised independent work, or (c) in the course of the student’s work for the University; whereby such invention is hereby assigned by the student to the University.

SELECTIVE SERVICE REGISTRATION
All male students who have not served either on active military duty, or are not members of the Reserves and/or National Guard, or are not citizens of specific Federal States or Trust Territories, within 30 days of their eighteenth birthday, must register with the Selective Service.

Furthermore, under Federal Regulations, Sub-part C: Statement of Educational Purpose and Selective Service Registration Status, Sections 668.31, .32, and .33, appropriate registration with Selective Service is necessary before receiving any funds under Title IV, Higher Education Act Programs. Until the student has filed the appropriate statement of educational purpose, he is ineligible to receive such funding, including Perkins Loans, Direct Ford Student Loans, Supplemental Loans, Pell Grants, University Work Study, and similar federal program monies.

Male students can register for Selective Service at www.sss.gov.

ABSENCE DICTATED BY RELIGIOUS BELIEFS
The General Laws of Massachusetts, Chapter 151C, Section 2B, stipulate:
“Any student in an educational or vocational training institution, other than a religious or denominational educational or vocational training institution, who is unable, because of his (or her) religious beliefs to attend classes or to participate in any examination, study, or work requirement on a particular day shall be excused from any such examination or study or work requirement which he (or she) may have missed because of such absence on any particular day; provided, however, that such makeup examination or work shall not create an unreasonable burden upon such school.”

If due to religious belief you are unable to take a scheduled exam or participate in any other required activity, please see the Associate Dean for Academic Affairs.
SECTION III: STUDENT CODE OF CONDUCT AND OTHER POLICIES

SECTION ONE: GUIDING PHILOSOPHY

The goals of this Student Code of Conduct and the corresponding review processes are to help students understand and accept their obligations as members of this community and to advance the University’s educational mission by defining and establishing certain norms of behavior. The rules and policy statements that follow serve to clarify commonly accepted standards of conduct by members and prospective members of this University community.

SECTION TWO: STUDENT CODE OF CONDUCT

ARTICLE 1: SENSITIVITY WITHIN A DIVERSE COMMUNITY

In any community, the value placed on the individual member constitutes its commitment to understand and respect diverse traditions, life circumstances, birth origins, and cultural beliefs, thereby celebrating differences among groups and individuals. This commitment further determines how learning is viewed.

Western New England University believes that education should both enable and empower each student to live and work in a global environment with sensitivity to persons who may or may not share the same age, cultural tradition, ethnicity, gender, gender expression, geographic origin, life circumstance, physical or intellectual ability, political orientation, race, religion, sexual orientation, socio-economic station or veteran’s status. Diversity is to be understood in a global context and education should be viewed as a vehicle that encourages pluralistic understanding, honors human dignity, and seeks to protect the integrity and rights of all citizens.

Western New England University seeks to bring together students, staff, and faculty who represent a world-view. It seeks to foster an environment that promotes independent and tolerant thinking and, through its curricular and out of class experiences, brings divergent voices into the learning dialogue. It seeks to build a community defined by global diversity, which is characterized by a safe, positive, and supportive environment.

A distinguishing characteristic of Western New England University is a commitment to civility in all interactions between and among the individuals and groups making up our academic community, as well as in dealings with visitors to the Campus and the larger community in which we reside. In this context, respect for the worth and dignity of the individual and an appreciation of differences should be such that derogatory or defaming remarks, ethnic slurs, offensive humor, and such other behaviors that cast aspersions on individuals or groups for whatever reason are not acceptable to the University community, and may be subject to action under this Student Code of Conduct.

Bias and Bias-based incidents

Western New England University is firmly committed to addressing all bias and bias-based incidents in a timely manner. Any complaints of bias and/or unlawful discrimination shall be addressed according to the policies and procedures set forth in the Western New England University Discrimination/Sexual Harassment Grievance Policies and Procedures, referenced in the student and also contained in the student and employee handbooks, which can be found at: http://assets.wne.edu/45/sexualharassment_discriminationbooklet.pdf. Information is also contained in the student and employee handbooks. Adjudication of issues that may be violations of the bias/civility policy may be pursued in accordance with the University’s Student Code of Conduct and/or the University’s Discrimination/ Sexual Harassment Grievance Policies and Procedures.

Based on recommendations of the Bias Response Committee, Western New England University defines bias as any stereotypical opinion or attitude toward a person(s) based upon actual or perceived membership in a group, including, but not limited to: sex, race, color, creed, religion, ethnic or national origin, age, disability status, sexual orientation, gender identity or gender expression, or veteran’s status. A bias-based incident is an event which has the intent or effect of demeaning or degrading an individual or group and is motivated in whole or in part by the perpetrator’s personal bias. Certain bias-based incidents may also be violations of state and/or federal discrimination laws. Although not an exhaustive list, bias-based incidents may take the form of:

- Threatening written, verbal, or electronic communication
- Graffiti
- Physical assault
- Sexual assault or harassment
- Stalking
- Vandalism
- General harassment or coercion
- Behavior that creates an unwelcoming and hostile environment

Bystander Intervention: Assisting & Reporting an Act of Bias

Persons witnessing an act of bias should provide all possible support to the victim of such activity but should refrain from any act that might lead to an escalation of the situation. If assistance in resolving a situation is needed, Public Safety and/or Residence Life staff should be contacted immediately. If you have experienced or witnessed any act of bias or discrimination on the campus, or involving any member of the Western New England University community, information pertaining to this incident should be reported immediately and confidentially to:
ARTICLE II: STATEMENT OF GENERAL EXPECTATIONS OF STUDENTS

Students and prospective students of Western New England University are expected to conduct themselves in a manner that is consistent with the educational mission of the University. Certain community standards and values are expected of all students. They include, but are not limited to: respect and concern for others, honesty, integrity, and a commitment to intellectual and personal growth. Students are expected to use reasonable judgment in their daily lives both on and off-campus, and to show concern for the wellbeing of others. Basic respect for human dignity, for individual differences, for individual rights and resources, and for the well-being of the community should guide a student’s thinking and behavior. Western New England University recognizes that our community is not limited to our physical campus and includes “online” and “offline” interactions and postings. Students are expected to be honest and forthright in their dealings with University officials, faculty, staff, offices, committees, and each other. Violations of this provision will be considered sanction able offenses.

As in any community, there are limits on behavior for the ‘common good’ of all its members. One intervention tool utilized by University staff (Public Safety and Residence Life) is a communication / violation form, often referred to as a C/V form that documents behavioral concerns. It is intended to help students make more productive choices consistent with the University’s expectations. This form includes matters of mutual respect and consideration, including a variety of safety concerns. It can be a stand-alone document that simply confirms that a situation has occurred as a ‘teachable moment’ for a student or, depending on the circumstances, may require additional follow up through a conduct hearing.

The University fulfills its responsibility to notify students through internal systems of communication: the assigned campus mailbox, campus-assigned e-mail, and/or voice mail. Students are expected to regularly and consistently check their mail. Communication through these formats will be assumed as delivered by the University and therefore received by the student.

ARTICLE III: SPECIFIC STANDARDS OF BEHAVIOR

Certain behaviors by any student, students, or student organizations can violate the Student Code of Conduct. Prohibited behaviors include, but are not limited to:

A. Offenses Against Another Person(s), such as:

- Stalking, threatening or causing physical harm to another person;
- Intentionally or recklessly threatening or causing another person emotional distress;
- Intentionally or recklessly demonstrating abusive behavior toward another person, including, but not limited to, verbal or written statements (including Internet/ electronic communications) that constitute a form of expression unprotected by law (e.g., obscenity, fighting words, defamation, etc.);
- Any recording (audio and/or visual) of a person without his or her knowledge or consent; or
- Any actual or threatened non-consensual sexual act or misconduct. Effective consent means that a person is able to make free, informed, and reasonable choices and decisions— and is not incapacitated by intoxication or other drug consumption (be it voluntary or otherwise), by disability, or by fear. Sexual behavior without effective consent can lead to sexual misconduct, sexual assault, and/or sexual harassment. Consent is effective when it has been clearly communicated. Consent may never occur if a person is unconscious, unaware, or otherwise physically helpless. This includes hazing.

Hazing: Under Massachusetts General Laws, Chapter 269, Sections 17, 18 and 19, any form of hazing is considered to be a criminal offense punishable by a fine and/or imprisonment. Furthermore, persons who are knowledgeable of, or witness hazing incidents and fail to report them, are also subject to similar penalties.

Each Western New England University student organization, at the beginning of each year, and every student at the time of registration, is provided with a copy of Massachusetts General Laws concerning hazing. The officers of student clubs and organizations are required to sign a formal statement acknowledging receipt of such regulations, and verifying their adherence to refrain from any practice of hazing, harassment, or activities which may serve to cause embarrassment to prospective members, initiates, or pledges. Any student organization found to be involved in such hazing or harassment of members or prospective members will have its recognition immediately withdrawn and be required to disband. Any participant in hazing will be subject to strong disciplinary action, including immediate dismissal from the University, and will be referred to the appropriate off-campus authorities.

B. Offenses of Possession, such as:

- Possession, use, being in the presence of, and/or distribution of any narcotic, drug, chemical compound, or other controlled substances, except as expressly permitted by law; or
- Possession of drug paraphernalia (pipes, bongs, hookahs, clips, scales), whether used, unused, or decorative. Such items are subject to confiscation.

C. Offenses that Threaten Campus Order, such as:

- Creating any safety or health hazard;
Disrupting the classroom and/or campus learning environment (including insubordination or disrespectful conduct) that may result in immediate dismissal from class by the faculty member and/or participation in any co-curricular event, activity, or organization by the appropriate supervisor or administrator;

Intentionally furnishing or conveying false or misleading information to any University official; or

D. Offenses of a Criminal or Immoral Nature, such as:

- Violating the laws of federal, state, or local governments; or
- Demonstrating moral depravity.

E. Offenses against Property, such as:

- Destroying or vandalizing property;

Students are responsible for University policies and procedures regarding academic integrity. A copy of the policy may be obtained from the offices of the Dean of each College, the Dean of Students, the Provost, and within the “Academic Regulations and Policies” statement of the Student Handbook.
I. Civility Statement

A distinguishing characteristic of Western New England University is a commitment to civility in all interactions between and among the individuals and groups making up our academic community, as well as in dealings with visitors to the Campus and the larger community in which we reside. Any behavior or communication that contains elements of incivility will not be tolerated. When disagreements occur between individuals and/or groups, as they do in all communities, it is expected that the merits of opposing positions will be discussed without resort to insult, personal attack, or bias. Every member of the Western New England University community has the right to her/his beliefs so long as they are expressed in a manner that is respectful of the rights of others. The ideas of others and their right to hold and express those ideas in a civilized manner must likewise be met by civil response from those who may hold opposing positions. The cultural expectations of Western New England University require that each member of our community has the right to be treated with respect and dignity at all times. Persons witnessing an act of bias should provide all possible support to the victim of such activity but should refrain from any act that might lead to an escalation of the situation.

Students are responsible for University policies and procedures regarding incidents of bias. A copy of the policy may be obtained from the offices of the Dean of Students, the Deans of each College, the Western New England University Discrimination/ Sexual Harassment Grievance Policies and Procedures, within the “Student Code of Conduct” section of the Student Handbook and at the following link http://www1.wne.edu/studentaffairs/.

ARTICLE IV: INTERIM ACTION

The University reserves the right to take necessary and appropriate action to protect the educational environment and the safety and well-being of members of the University community. The Vice President for Student Affairs and Dean of Students, or his/her designee, has the authority to take steps to temporarily (yet immediately) revoke or restrict a student’s presence on the campus when it is reasonable to believe he/she poses a credible danger to others, to property, or to himself or herself, or whose presence might disrupt the operations of the University.

Based on the circumstances, the student’s presence on campus and ability to use University facilities may be revoked or restricted through a summary suspension or other interim action. This status precedes a conduct review for consideration of suspension or dismissal from the University. The student may not return to campus until the scheduled time for his or her pre-hearing informational meeting, and the scheduled time for the conduct review unless indicated otherwise. At the close of the hearing, the student must immediately depart from campus and may not return until notified otherwise.

Based on the circumstances, the student may be restricted from all University property and facilities or specific aspects of the campus environment, as follows:
1. Restricted from some or all residential areas, including the adjacent grounds (sidewalks and entrance landings, parking lots, etc.)
2. Restricted from all areas other than the facilities in which the student is taking his or her scheduled courses; unless otherwise indicated, he or she may use commuter parking lots to attend these classes.
3. Restricted from particular location(s) on the campus, to be clarified in the written notification.
4. The student will be notified within 72 hours of the ‘next steps’ to resolve this situation. Further action may include specific provisions, such as a behavioral agreement, or a conduct review for alleged violation of one or more standards for behavior within the Student Code of Conduct.

As part of interim action, the University reserves the right to place a hold on University documents (including, but not limited to; a diploma, degree certification or transcript) until the situation has been resolved through a conduct review or other action taken by the University.

SECTION THREE: OVERVIEW OF THE STUDENT JUDICIAL SYSTEM

ARTICLE I: INTRODUCTION

The purpose of the judicial process at Western New England University is to maintain the integrity of the educational mission of the institution while promoting the safety and dignity for each of its members. The process is educationally purposeful and provides students with the opportunity to recognize, and take responsibility for, their actions and behavior. Through intentional conversations, we strive for outcomes that are fair, nonjudgmental, and tailored to the individual. We are dedicated to helping students have a better understanding of the University’s policies in order to promote responsibility, accountability, and personal development.

ARTICLE II: DEFINITIONS

The complainant is the person, group, or the University reporting an incident or act that allegedly violates a policy, procedure, guideline, or philosophy of the University. The respondent is the student(s) or student organization allegedly in violation of the applicable policy, procedure, guideline, or philosophy of the University.

ARTICLE III: INDIVIDUAL RESOLUTION OF COMPLAINTS AND GRIEVANCES

The University encourages open and honest communication between members of its community. Most conflicts can be resolved by the individuals involved; those individuals are encouraged to confront issues of disagreement or conflict and to explore joint solutions consistent with the University’s mission and philosophy. In addition, the University provides a number of resources to individuals who need assistance in informal conflict resolution. Those resources include fellow students in leadership roles, paraprofessional and professional staff within the Division of Student Affairs and Public Safety.
ARTICLE IV: ALTERNATIVE ON-CAMPUS AUTHORITIES

In cases where conflicts cannot be mutually and informally resolved with reasonable satisfaction, the University offers several formal grievance procedures, dependent on the substance or severity of the claim. Individuals who want to pursue a complaint or grievance against another member or members of the campus community should first consider the substance of the claim and should then utilize the appropriate process for resolution. In this regard, the University reserves the right to determine the most appropriate process or procedure for addressing and resolving the problem or concern.

A. For Claims of Sexual Misconduct

The grievance procedures are available through the Offices of Human Resources and of the Vice President for Student Affairs and Dean of Students. More information can be found in the Sexual Harassment and Misconduct brochure.

B. For Grievances Regarding Faculty, Staff, or Administration

See applicable sections in the faculty and staff handbooks.

C. For Disputes Regarding Student Educational Records

See policy on Student Records and Confidentiality in this Handbook.

D. For Claims or Grievances Stemming from Student Misconduct

The student judicial system described below has jurisdiction over all students and student groups. All students who violate the University’s Student Code of Conduct, either as individuals or as members of a group, are under the authority of the student judicial system. The University reserves the right to pursue grievances or complaints pursuant to one or more of the available processes, as circumstances warrant.

ARTICLE V: MISCONDUCT AND OFF-CAMPUS AUTHORITIES

The University reserves the right to take disciplinary action against Western New England University students involved in any inappropriate, criminal or non-criminal conduct that occurs off-campus, particularly when such incidents have implications for campus safety and/or the reputation or operation of the University. The University may initiate disciplinary proceedings for off-campus conduct whether or not legal sanctions have been or may be imposed.

Students are accountable to both external authorities and to the University. Acts that constitute violations of the law and the Student Code of Conduct are subject to both University disciplinary proceedings and civil liability, criminal prosecution, or other University proceedings. Respondents may not challenge the University disciplinary proceedings on the grounds that criminal charges, civil actions, or other University proceedings regarding the same incident are pending, may be initiated, or are under investigation. The University and/or Public Safety will refer matters to and cooperate with federal, state, and local authorities for prosecution when appropriate.

Official reports from any off-campus authority may be obtained by the University and/or admitted as information presented at any administrative or hearing board disciplinary proceeding. If such reports are not available at the time of the scheduled hearing, an agent of the University (such as a Campus Police officer) may present a summary report based on his/her access to this information. Access includes, but is not limited to, a conversation with the individual(s) who prepared the report(s) and/or the opportunity to read the actual report(s). Furthermore, if the report(s) is/are part of information presented at the hearing, clarification and/or supplemental information may be presented by the agent of the University during the hearing.

ARTICLE VI: STRUCTURE

The student judicial system is composed primarily of administrative officers (the Vice President for Student Affairs and Dean of Students, the Assistant Dean of Students/Student Activities and Leadership Development, the Assistant Dean of Students/Residence Life, and staffs within their departments) and Boards that serve as recommending bodies for student accountability (the All-University Disciplinary Board and the Peer Review Board). The Vice President for Student Affairs and Dean of Students is ultimately responsible for the integrity of the judicial system.

ALL-UNIVERSITY DISCIPLINARY BOARD (AUDB)

The All-University Disciplinary Board (AUDB) consists of three faculty, three students, and three administrative representatives. The faculty representatives are selected by the Faculty Senate; the student representatives are selected by the Student Senate; and the administrative representatives are selected by the Vice President for Student Affairs and Dean of Students. Selections for service on the AUDB are made in late spring for the next academic year only. Members may serve successive terms if selected to do so. The Board elects its own Chair. Any combination of five members is satisfactory to conduct hearings. A majority vote of those present is required for recommending action. Recommendations of the AUDB are forwarded to the Assistant Dean of Students for consideration and approval. Requests for review of decisions conveyed by the Assistant Dean of Students may be made only to the Vice President for Student Affairs and Dean of Students. In cases where the University is not in active session and the AUDB has not been established or is not available, or where the University is in session and the AUDB has not been established or is unavailable, the designated administrative officer (the Assistant Dean of Students) serves as the original hearing body. Requests for review of decisions of suspension or dismissal conveyed by the Assistant Dean of Students may be made only to the Vice President for Student Affairs and Dean of Students.

Peer Review Board (PRB)

The Peer Review Board (PRB) consists of five upper-class students selected by majority vote of a committee composed of the Assistant Dean of Students/Residence Life, the Assistant Dean of Students/Student Activities and Leadership Development, the President of the Residence Hall Association, and the President of the Student Senate. Elections to the PRB occur in late April and the term of office is for the next academic year. Members may serve successive terms if selected to do so.

The Assistant Dean of Students/Student Activities and Leadership Development serves as the administrative advisor to the PRB, without the right to vote. The Board elects its own Chair. In order to conduct hearings, at least three voting members of the Board must be present. A majority vote of those present is required for recommending action. In the event of a tie, the decision reverts back to the administrative officer who originally referred the case.

In cases where the University is not in active session and the PRB has not been established or is not available, or where the University is in session and the PRB has not been established or is unavailable, the appropriate administrative officer serves as the original hearing body and the other designated administrative offices (the other Assistant Dean of Students) serves as the reviewing agent.

ARTICLE VII: RANGE OF SANCTIONS

65
The severity of the penalty imposed will be based on both the current case and the respondent’s previous record(s) of misconduct, as maintained in the Office of the Vice President for Student Affairs and Dean of Students. Students found in violation of the Student Code of Conduct are subject to one or more of the following range of sanctions:

A. Dismissal from the University
   Dismissal is permanent removal from University programs, facilities, and property without the privilege of re-admission or access. This sanction will be recorded in the student’s file and on the student’s transcript. Notations in the transcript will be for a minimum length of time, to be designated by the hearing officer at the time other sanctions are imposed. Once disciplinary action against a student has been initiated, including the appeal process, a hold will be placed on any requests for transcripts.
   The range of time that notations will remain on the transcript is as follows:
   • Offenses against another person: 1-6 years;
   • Offenses against property: 1-3 years;
   • Offenses of possession: 1-3 years;
   • Offenses that threaten campus order: 1-3 years; or
   • Offenses of a criminal/immoral nature: 1-3 years
   These time ranges may be assigned consecutively or concurrently. A dismissed student may petition to delete this notation from her/his transcript after the length of time has elapsed.

B. Suspension from the University
   Suspension from the University is a sanction for a stated period of time or until specific conditions have been met. During the period of suspension, the student is not permitted access to University property, facilities, or programs. Suspension is noted in the student’s file and on the student’s transcript during the term of suspension. If suspension occurs during a semester in progress, University practice mandates that all courses become administrative withdrawals.

C. Removal from University Housing
   This sanction entails forfeiture of student housing privileges for a stated period of time, including visitation restrictions to any residence area owned or operated by the University. If loss of residency occurs during a semester, the balance of the room and board fee is non-refundable and non-transferable.

D. Disciplinary Probation
   A serious sanction, disciplinary probation may be assigned for a stated period of time during which a student’s ability to participate in co-curricular or University sponsored activities, to use facilities, or to benefit from other University privileges may be limited or removed. During the probationary period, any violation by the student may be grounds for removal from university housing or suspension or dismissal from the University.

E. Censure
   Censure may be assigned for a stated period of time. It is a written statement given to the student for misconduct warranting a stronger reprimand than a simple written warning. Further misconduct of a related or similar nature may warrant probationary status.

F. Warning
   This is an oral or written statement to the student that s/he has violated the Student Code of Conduct. A warning may be taken into account in judging the seriousness or determining sanctions for future violations.

G. Educational Sanctions
   Educational sanctions are intended to promote student learning as a result of misconduct and may include counseling referrals, a formal apology, assignments to educational programs, a research or self-reflection paper or any other type of similar action. A failure to fulfill educational sanctions in a satisfactory manner may be cause for further accountability.

H. Fines or Restitution
   This sanction entails reimbursement to the University or a third party for damage done to person or property and/or accountability for specific acts of misconduct.

I. Removal from University Sponsored Travel or Travel Booked Through the University
   This sanction involves the forfeiture of traveling privileges for a stated period of time or for a specific trip sponsored by or booked through the University. All students must be in good standing with the University to be eligible to participate in these initiatives. Examples of University sponsored travel include, but are not limited to: international study abroad programs, alternative spring break trips, and extended trips by athletic teams of the University. Any deposit paid by a student for University sponsored travel will be nonrefundable should the student be removed from the trip due to academic, disciplinary, or other reasons prior to departure.
   It should be noted that disciplinary sanctions are not limited to the above, and that the outcomes noted above simply serve as examples of internal sanctions commonly considered. The University also reserves the right to take criminal or civil action through the courts as necessary and desirable. Sanctions may be imposed immediately, even if the respondent seeks a review as outlined in Section Four, Article III.

ARTICLE VIII: DISCLOSURE TO PARENTS OR LEGAL GUARDIANS
   The University reserves the right to share a student’s educational records with parents and legal guardians without a student’s knowledge or consent if a student is a dependent for income tax purposes.
   The University also reserves the right to share a student’s conduct records with parents and legal guardians without a student’s knowledge or consent if a student is a dependent for income tax purposes. Notification involving disciplinary action includes, but is not limited to: cases in which the outcome is dismissal or suspension from the University, removal from University housing, disciplinary probation, and censure status. Notification may also occur when disciplinary action is pending, such as a summary suspension. In addition, the University reserves
the right to share information with parents and legal guardians without a student’s knowledge or consent, regardless of status for income tax purposes, when the student’s behavior poses a potential or actual danger to him/herself or other person(s).

University officials also reserve the right to initiate notification when, in their professional judgment and discretion, it is in the best interests of the University and the student to do so. This may occur without the student’s knowledge or consent.

SECTION FOUR: JUDICIAL PROCESS

ARTICLE I: PROCESS FOR REPORTING ALLEGED CODE VIOLATIONS
Any member of the University community may report an incident by a student/s or student organization/s that allegedly violates the Student Code of Conduct. Reports may be made by or on behalf of any member of the University community. Reports can be made orally or in writing to any member of the Vice President for Student Affairs and Dean of Students staff, who then refers the matter to the appropriate administrative officer. In reviewing incidents of alleged misconduct, including written report(s), oral statement(s) and/or audio or video recordings, the appropriate administrative officer or hearing board will base conclusions on what is reasonable to believe occurred at a certain time (what more likely than not transpired during the situation in question.) This approach to decision-making is particularly relevant when information is being disputed and an agreement or consensus cannot be reached during the hearing.

ARTICLE II: INITIAL SCREENING
Based on the complainant’s report, the administrative officer will determine whether further action should be taken, and whether the alleged violation could lead to a sanction of suspension or dismissal from the university. In making the determination of whether an alleged violation could lead to a sanction of suspension or dismissal from the University, the administrative officer will consider the totality of the circumstances surrounding each case. To aid the administrative officer in directing each case to the appropriate forum, he/she may consider, but is not limited to, any of the following:

• Nature and gravity of the offense;
• Past disciplinary record; or
• Any and all information gathered as a result of a preliminary investigation.

The appropriate administrator will make a reasonable effort to contact the student to initiate the judicial process. A reasonable effort shall include outreach by one of the following means: notification in writing, including university issued email; or orally, including a message left on the student’s cell phone voicemail. This communication is presumed to have been received by the student. If the student fails to respond or fails to appear, the judicial process shall still occur.

ARTICLE III: CASES INVOLVING CONSIDERATION OF SUSPENSION OR DISMISSAL FROM THE UNIVERSITY
(See Standards of Behavior and Student Accountability: Student Code of Conduct: Section Three: Article IV: Items A-C)

A. Respondents are entitled to:

1. A pre-hearing informational meeting with the administrative officer, during which:
   a. the report(s) about the alleged misconduct will be read and explained, in that s/he is not entitled to a copy;
   b. a written outline of the judicial process and an oral explanation of that process is provided;
   c. a written statement identifying the section of the Student Code of Conduct that was allegedly violated and the possible sanction(s) that might apply and
   d. the meeting is intended for the respondent(s) only, unless assistance is needed for an impairment or disability. Parent(s), legal guardian(s), legal counsel and/or any other concerned person(s) may not attend.

2. Two days written notice in advance of the hearing, unless circumstances, as determined by the administrative officer, warrant otherwise or the Respondent agrees to a different time frame. This notification shall include:
   a. the name(s) of person(s) asked to attend the hearing by the administrative officer;
   b. the date, time and location of the hearing; and
   c. the specific charge(s) relating to the alleged misconduct. If the Respondent fails to appear for a scheduled meeting (and does not contact the administrative officer within 24 hours to reschedule) or does not provide an accurate postal mail address, valid email address and/or current phone number to convey information to him/her after the meeting, the University will proceed with the judicial process.

B. Respondents are responsible for:

1. Cooperating with University officials during the judicial process;
2. Notifying the University of any change in residence or address, including phone number and email address to contact him/her;
3. Reading any and all materials provided in connection with the judicial process and seeking clarification in advance of the hearing;
4. Attending scheduled meetings and hearings on time;
5. Providing, in accordance with University procedures, a list of witnesses and/or advisor(s) requested to attend a hearing and recognizing that a failure of one or more of these person(s) to attend will not delay the hearing itself; and
6. Providing or presenting, if (s)he so chooses, a written statement at the time of the hearing.
7. The respondent’s failure to appear for a pre-hearing meeting may result in the scheduling of a hearing without the opportunity to review the information beforehand.
8. The respondent’s failure to appear for a hearing will result in a decision being rendered on the basis of reports and witnesses in attendance, thereby forfeiting his/her right to seek further review of any and all decisions made during the judicial process.

C. When the University is in session and the All-University Disciplinary Board is available, respondents may choose from among the following hearing alternatives:
1. The respondent may elect to have the case heard by an administrative officer, typically either the Assistant Dean of Students/Residence Life or the Assistant Dean of Students/Student Activities and Leadership Development.

2. The respondent may elect to have the case heard by the All-University Disciplinary Board.

3. If an alleged offense includes either sexual harassment or sexual misconduct, an administrative hearing may include male and/or female administrator(s) acting as hearing officer(s), as circumstances warrant. The All-University Disciplinary Board (AUDB) is not an option for this type of hearing. The respondent must select a hearing body (administrative officer or AUDB) within 24 hours of receiving written notice of the report. The selection must be in writing and directed to the administrative officer. If the deadline has not been met, the case will automatically be heard by an administrative officer. A deadline will be set by the administrative officer for the Respondent to submit the name(s) of his/her advisor and/or witness(es) on his/her behalf.

D. In the event that the University is not in session or the AUDB is not available, the administrative officer will serve as the original hearing body.

E. Entitlement to an Advisor from the University Community:

1. Any student who has allegedly violated one or more of the University’s behavioral standards and is involved in a discipline hearing that may result in separation from the University for a stated period of time, or permanent removal, may seek assistance from an advisor of the student’s choice, provided that the advisor is a member of the University community (current student, faculty member, or staff member) and is not legal counsel or acting in this capacity.

2. Advisors are permitted to attend meetings and hearings, but may not speak during a hearing. The hearing officer, at his/her discretion, may seek out clarification or information from the advisor.

3. Parents, legal guardians, and/or legal counsel, regardless of their affiliation with complainants, respondents, and/or witnesses, are not permitted to attend any part of the process, pre-hearing or hearing.

4. If a parent or legal guardian believes that (s)he has first-hand information about an incident or situation, (s)he may prepare a written statement that the student may provide to the hearing officer or hearing board at the time of the scheduled hearing.

F. Hearing Procedures:

1. During the hearing, respondents are entitled to appear in person, to hear all witness statements, to present relevant evidence, and to direct questions to the hearing board or officer.

2. The hearing board or administrative officer may refuse to hear any evidence that it deems irrelevant or unreliable. The hearing board or administrative officer will determine what is reliable and relevant under the circumstances of the case. Rules of evidence used in courts of law are not used in this process.

3. The hearing board or administrative officer may question the respondent and witnesses and seek clarification throughout the hearing.

4. The hearing board, after hearing the evidence, will meet in closed session to deliberate. The respondent is not entitled to hear the hearing board’s deliberations.

5. In cases before the hearing board, the board forwards a recommendation of “in violation” or “not in violation” and recommended sanctions, if any, to the administrative officer.

6. The administrative officer may accept, reject or amend the hearing board’s recommendation and/or sanctions, and may impose a different decision or sanction.

7. If an alleged offense involves either sexual harassment or sexual misconduct, an administrative hearing may include male and/or female administrator(s) acting as hearing officer(s), as circumstances warrant.

G. Notice of Decision:

The administrative officer will notify the respondent of the decision (and sanctions, if any) within three working days of the date the hearing(s) is/are concluded for the alleged misconduct. The decision may be conveyed verbally, if written communication to the student and other relevant documentation cannot be completed within this timeframe.

H. Review of Conduct Decisions:

1. Respondents are not entitled to a re-hearing of the case. Respondents may seek one review only on the basis of one or more of the following:
   a. a procedural error that unfairly and materially affected the outcome of the case;
   b. the discovery of new information that could reasonably be expected to alter the decision and was not available of the time of the hearing; or
   c. the sanction is inconsistent with the gravity of the offense.

2. A respondent must submit to the Vice President for Student Affairs and Dean of Students, or his/her designee, a written request for a review by the deadline conveyed in the decision letter from the administrative officer. The request must state the grounds for review.

3. Reviews will be made by the Vice President for Student Affairs and Dean of Students, or his/her designee, who will review a report of the hearing and additional relevant information provided by the respondent.

4. The Vice President for Student Affairs and Dean of Students, or his/her designee, can affirm the original findings and sanction(s), or can impose a new decision and sanction(s). In this regard, his/her decision may either increase or decrease the severity of the original outcome.

5. The decision of the Vice President for Student Affairs and Dean of Students, or his/her designee, is final and binding.

ARTICLE IV: CASES INVOLVING SANCTIONS OTHER THAN SUSPENSION OR DISMISSAL FROM THE UNIVERSITY
(See Standards and Behavior and Student Accountability: Student Code of Conduct: Section Three: Article VII: Items D-I)

A. Informal Resolution

In many cases, the respondent can meet with the administrative officer and agree that the Code of Conduct has been violated and can agree on a mutually acceptable sanction. If that is the case, the respondent waives the right to a hearing or review of the decision. The complainant has no right to challenge a decision or sanction imposed under these circumstances. Decisions made informally are recorded with the Office of the Vice President for Student Affairs and Dean of Students. Barring the unforeseen, the respondent will be sent a confirmation letter within five days of such a meeting. Informal
resolution is not an option for cases involving sexual harassment or misconduct.

B. Cases Involving Sexual Harassment or Misconduct

If an alleged offense includes either sexual harassment or sexual misconduct, an administrative hearing may include male and/or female administrator(s) acting as hearing officers, as circumstances warrant. The Peer Review Board (PRB) or All University Disciplinary Board (AUDB) is not an option in this type of case. (Refer to hearing process following Sexual Harassment/Sexual Misconduct policy)

C. Formal Resolution

In cases where the administrative officer determines, based on a review of the incident report(s), whether or not a hearing is warranted, or the respondent and the administrative officer cannot agree on a violation or sanction, the respondent is entitled to:

1. The opportunity to meet with the administrative officer, during which the report will be reviewed, in that the student is not entitled to a copy him/herself;
2. A written statement of the specific charge(s) for alleged wrongdoing and an oral explanation of the hearing process;
3. A written statement that indicates the possible (pending) or actual (final) outcomes as determined by the administrative officer; and
4. Advance notice of a hearing, in writing, if the administrative officer is referring the incident to the Peer Review Board (PRB).

D. Respondents are Responsible for:

1. Cooperating with University officials during the judicial process;
2. Notifying the University of any change in residence, address and/or phone number;
3. Reading any and all materials provided in connection with the judicial process;
4. Attending scheduled meetings and hearings on time, knowing that a failure to appear will result in the administrative officer rendering a decision based on the information available to him/her at that time, as well as forfeiture of the right to request further review of any and all decisions made during the judicial process; and
5. Providing a list of witnesses (a minimum of 24 hours in advance) who have been requested to attend the hearing (for cases referred to the Peer Review Board).

E. In cases where an informal resolution cannot be reached or the administrative officer believes that student input would be valuable, s/he may refer the case to the Peer Review Board. The board will follow the same procedure of reviewing evidence and in making a recommendation of “in violation” or “not in violation” and in recommending an appropriate sanction as outlined above for the All-University Disciplinary Board.

F. Respondents may request further review only in matters where the sanction was disciplinary probation and/or removal from university housing. Requests for review must follow the same process outlined for cases in consideration of suspension or dismissal from the University but are directed to the Assistant Dean of Students rather than the Vice President for Student Affairs and Dean of Students.

ARTICLE V: MISCONDUCT OF STUDENTS WHO ARE AFFILIATED WITH THE UNIVERSITY FOR NON-ACADEMIC REASONS

Students who are affiliated with the University for non-academic reasons (including, but not limited to: participation in senior week, campus employment, semester break, athletic pre-season training, vacations, and summer lodging for special circumstances) are expected to abide by all standards for conduct. In that participation in events and/or campus residency is at the discretion of the University, the decision of the administrative hearing officer is final and binding. If the decision includes removal from housing, departure is expected within 24 hours of verbal notification. A failure to abide by these terms of the decision and/or further conduct related concerns will be cause for further accountability. For graduating seniors, this accountability may include forfeiture of the privilege of participation in any and all commencement events. The decision of the administrative hearing officer is final in these matters and there is no appeal.

ARTICLE VI: STUDENT’S RIGHT TO A DRUG USE TEST

Any student who has been reported for alleged use of any narcotic, drug, chemical compound, or other controlled substance may request a drug test (urine analysis) through the University’s Health Services. This test shall be at the student’s expense. The student must contact a member of the Health Services staff within 6 hours of the incident either by going directly to the Health Services office, if open, or calling the on-call provider if the office is closed. To speak with an on-call provider, call 413-782-1211 and follow the prompts.

If the student so chooses, the results of the drug test may be submitted as new information for consideration of a student-initiated request for further review (an appeal.) The student must sign a waiver at Health Services, authorizing release of this information to the administrator who will review the appeal and render a final decision. Release of the drug test results also permits a professional within Health Services to discuss any and all aspects of the test results with this administrator.

ALCOHOL POLICY

INTRODUCTION

The University recognizes the importance of personal and communal responsibility with regard to its alcohol policy. Members of the University community are expected to make responsible choices regarding their use or non-use of alcohol. Intoxication is not an acceptable excuse for irresponsible behavior. The University rightfully assumes that any student who has consumed alcohol is responsible for this choice and his/her resulting behavior. As part of the educational process, personal accountability includes acceptance of the consequences for violating specific standards of behavior in the University’s Alcohol Policy and Student Code of Conduct, as well as other learning-based outcomes, which may include a referral for substance use/abuse counseling.

For information on judicial proceedings, please refer to Section Three and Four of the Student Code of Conduct.

Alcohol consumption is permitted within the United States, based upon a person attaining a specific age. In the Commonwealth of Massachusetts, the law permits individuals who have achieved the age of twenty-one (21) to possess, purchase, and/or consume alcoholic beverages. University officials are authorized to enforce all state laws regarding the possession, use, and consumption of alcoholic beverages, including those that prohibit these activities by individuals under the age of 21. This includes prohibiting students of legal age from purchasing or providing underage students with alcohol. The terms of this policy apply both to students residing in university-owned housing and students who reside off-campus. Students living off-campus may not provide a site for undergraduate drinking. If this occurs, residents of that address will be held accountable.

69
GENERAL USAGE OF ALCOHOL

ARTICLE I: STATEMENT OF EXPECTATIONS

Western New England University supports social interaction based on sound decision-making and, if that social interaction includes the use of alcohol, expects its use to be made in a responsible and moderate manner and in accordance with the laws of the Commonwealth of Massachusetts. Persons who abuse alcohol and therefore pose a threat to themselves or others, inflict damage to property, or disrupt any segment of the campus community as a result of the use or misuse of alcohol are subject to appropriate sanctions within the judicial proceedings of the University.

Students under the age of 21 are prohibited from possessing, transporting or consuming alcohol. The University also makes a distinction between underage and legal age residence areas on the campus. On this basis, students of any age (and their guests) may not possess, provide or consume alcohol in any underage residence facility. These facilities include: Berkshire, Commonwealth, Franklin, Hampden and Windham Halls, as well as the LaRiviere Center. Students who are 21 or older and who live in Evergreen Village, Gateway Village, Plymouth Complex and Southwood may socialize with alcohol, so long as it is done in a manner consistent with the terms of this policy.

If it is apparent that the terms of this policy are being violated or, in the judgment of University officials, the presence of alcohol causes such issues as excessive noise or ‘crowd control’, the student(s) responsible for the situation will be expected to immediately terminate the socializing. Alcohol and alcohol paraphernalia may be confiscated and disposed of by University officials, even if the residents are of legal age. Students may also be held accountable through the judicial process.

ARTICLE II: RESPONSIBLE USE

The University views responsible use as any activity or behavior that focuses on, and results in, the consumption of alcohol in moderation with an emphasis on the personal safety and welfare of others. Whenever alcohol has not been consumed in a responsible manner, and there is concern for the physical and/or emotional well-being of any individual present or involved, University staff should be contacted for assistance. Personal safety should not be jeopardized because of potential consequences as the result of policy violations.

Knowing that the possession, transportation and/or use of alcohol by underage students is prohibited, the following expectations are intended to assist legal age students in making responsible decisions regarding the possession and use of alcohol when drinking alone or when socializing:

A. Intoxication is defined by the University as any drinking-related behavior that requires the attention of University staff, including that which causes a disturbance or is a danger to persons or property. Intoxication is not an excuse for erratic, irresponsible behavior directed at one’s self, others or to property. Any student who consumes alcohol off-campus, and who is disruptive and/or noticeably intoxicated when he/she returns to campus, can be documented for violation of the alcohol policy as well.

B. Any form of ‘drinking game’ is strictly prohibited, even if alcohol may not appear to be directly involved in the socializing at that point in time, as well as any device or apparatus designed or intended for the rapid consumption of alcohol and/or any other beverage. Examples include, but are not limited to: funnels, beer pong tables, and ice luges. Misuse of any commodity, such as a shot glass, is prohibited as well. These items may be confiscated by university staff, in that they present a clear and present danger to personal welfare. Any university property (such as a closet door) used for a ‘drinking game,’ or that is considered evidence of a ‘drinking game,’ will be confiscated as well and resident(s) are responsible for the replacement cost of this item.

C. Because consumption of alcohol frequently involves socializing with others, it is expected that social events be approved by, and registered with, the University. A social event is defined as follows:

1. Any socializing with alcohol that is part of an event hosted by a recognized club or organization, regardless of the number of persons involved or location.

2. Any socializing at a students’ on-campus residence that involves more than six guests and where alcohol is being served.

When alcohol is part of a social event, it should be just that – a complement to the event and not the primary purpose or focus of the event. A common source of alcohol is permitted only at a University-approved social event.

D. A common source of alcohol is defined by the University as a situation that involves any type of keg or any type of situation that could be viewed as self-service (such as an open bar, a pitcher or a ‘spiked’ punch bowl) and Bring Your Own Beer/Beverage (BYOB) situations of any kind.

ARTICLE III: ALCOHOLIC BEVERAGES AT UNIVERSITY - APPROVED SOCIAL EVENTS

A. Requests for Alcohol

1. Requests for alcohol at University-approved social events in any location other than the legal age residence areas must be received in the Office of Student Activities and Leadership Development at least four weeks in advance of the planned event.

2. The Office of Student Activities and Leadership Development will approve or deny each request separately. This action will be conveyed in writing to the sponsoring individual or organization.

3. It is the expectation of the University that an on-campus sponsor will attend and monitor the entire event, as well as the service of alcohol. If alcohol is to be sold, a City One-Day License must be obtained and displayed at the function. As follows:

   a. A minimum of one business week if requested through the Office of Student Activities and Leadership Development; or

   b. If on the weekend, requests may be approved at the discretion of the on-duty Residence Life supervisor.

4. All guests must be of the legal age to consume alcohol, and substantial food (as indicated on the request form) must be provided.

5. If the social event is occurring in student housing that has both of-age and underage residents, the only underage students allowed on site are the residents of the host’s townhouse/ apartment and may not consume alcohol.

B. Types of Alcohol

   Alcohol is limited to beer, malt beverages, and/or wine at any approved social event. Only the amount and type of alcohol that was approved may be provided or consumed at the event. This may not include any alcohol previously purchased for personal consumption.

C. Limitations on Alcohol

   The University reserves the right to place limits on the amount of alcohol available at any University-approved function.

D. Physical Area
Approval for alcohol at social functions will indicate the specific area designated for service use or consumption. The sponsoring organization or individual(s) is/are responsible for restricting access to, and activity in, the area.

E. Service Portions

Alcoholic beverages, when permitted, will be in single servings only. Pitchers, open bars, and self-service bars are not permitted. Registered social events occurring in off of age residence areas may not include the use of alcoholic beverages in glass containers. This policy exists to reduce the risk of personal injury from broken glass.

F. ‘BYOB’ Parties

BYOB situations are strictly prohibited. No alcohol other than beer, malt beverages, and/or wine supplied by the sponsor (and only those beverages previously approved for distribution) may be brought into, dispersed or consumed at University functions.

G. Availability of Food and Alternatives to Alcohol

Appropriate non-alcoholic beverage alternatives, as well as reasonable amounts of substantial food, must be readily and prominently available at functions where alcohol has been approved.

H. Supervisory Responsibilities

When alcohol is approved for use at approved social events, the sponsoring organization or individual(s) assumes responsibility for supervising and ensuring that the laws of the Commonwealth and the policies of the University are obeyed. If necessary, it is the responsibility of the sponsoring organization or individual(s) to seek the aid of University officials in ensuring that the laws of the Commonwealth and the policies of the University are obeyed.

Care should be taken in such situations to assure reasonableness of actions and adherence to appropriate laws and regulations, with particular concern for assumed liability for service to minors and consumption of alcohol by their guests.

All students serving alcohol in their place of residence are responsible for obeying the laws of the Commonwealth of Massachusetts, as well as the regulations of the University. As host(s) of the social event, the student(s) is/are responsible, as well as fiscally and judicially accountable, for their guests and the behavior of those guests. A guest is defined as anyone other than the actual residents of the space where the social event is occurring. Accordingly, hosts, as well as other residents, may be held accountable for the actions of fellow Western New England University students, and/or non-students, socializing at their place of residence.

ARTICLE IV: OTHER BUILDING PROHIBITIONS

Consumption or possession of alcohol is not permitted in any faculty, staff, or administrative lounge or office, classroom or administrative work area at any time.

ARTICLE V: OUTDOOR PROHIBITIONS

Consumption of alcohol is not permitted in any outdoor area of the campus, unless specific written permission has been granted for the event.

ARTICLE VI: OPERATING A MOTOR VEHICLE

Operating a motor vehicle while under the influence of alcohol is prohibited and subject to University, criminal, and civil action.

ARTICLE VII: PROPER IDENTIFICATION

Misrepresentation of identification for the purpose of gaining access to an area (whether on or off-campus) where alcohol is being sold or consumed is prohibited. Under Massachusetts law, persons who make, use, carry, sell or distribute false identification documents are guilty of a felony.

PROVISIONS FOR RESIDENTIAL AREAS

ARTICLE I: ALL RESIDENCE AREAS

The University reserves the right to inspect vehicles and personal belongings (i.e. backpacks, laundry baskets, and other commodities) if it is reasonable to believe that alcohol is present in, or intended for, an under-age residence area. Alcohol and alcohol paraphernalia will be confiscated and disposed of by University officials.

ARTICLE II: OFF-AGE RESIDENCE AREAS

A. Students may not display or consume alcohol in outside areas surrounding the University’s residence facilities. This includes, but is not limited to: lawns, sidewalks, and parking areas. Exceptions may occur for University-approved functions or events.

B. If there is any indication that alcohol is being misused by one or more persons in the apartment or townhouse, it will be viewed as irresponsible use. Ultimately, evidence of a policy violation will be based on the quantity of alcohol present, as well as the activity (or intended activity) occurring at that time.

C. An accumulation of alcoholic beverage containers is prohibited, and will be viewed as evidence of a large quantity of alcohol not indicative of responsible personal consumption. Empty containers must be recycled or disposed of on a regular basis and keepsake containers are not allowed.

D. Since apartments and townhouses have complete kitchens and therefore a variety of glass containers for food, food preparation and storage, residents may purchase and consume alcoholic beverages in glass containers as well. As with any glass container, care should be taken with storage, use, and disposal.

E. A bar is prohibited, in that the possession of alcohol is restricted to personal consumption in moderation, even in off-age residence areas. Alcoholic beverages should either be refrigerated or stored in University-provided storage space (locations such as the kitchen cabinets or closets) or personal storage space such as a trunk. In-plain-view display should be avoided.

F. For socializing at a student’s place of residence that involves up to six guests (and is therefore not a social event that must be registered with the University) the following stipulations apply:
   1. Under-age residents must not be present in the apartment or townhouse;
   2. Invited guests may not bring their own alcoholic beverages (no ‘BYOB’); and
   3. Beverages must be in individual servings (no kegs, pitchers, punch bowls, etc.).
G. If it is reasonable to believe that a large quantity and/or common source of alcohol is intended for an unregistered social event in an “of-age” residence area, the University reserves the right to inspect vehicles and personal belongings (i.e. backpacks, laundry baskets, and other commodities) Alcohol and alcohol paraphernalia may be confiscated and disposed of by University officials.

ARTICLE III: UNDER-AGE RESIDENCE AREAS
A. To provide a clear and consistent message in underage residence areas, decorations such as neon signs, display cases, and bulk containers that specifically advertise-and/or promote alcohol and its use are prohibited. Other items may need to be removed from display, at the University's judgment and discretion.
B. The University reserves the right to inspect vehicles and personal belongings (i.e. backpacks, laundry baskets, and other commodities) if it is reasonable to believe that alcohol is present in or intended for an underage residence area. Alcohol will be confiscated and disposed of by University officials.

VISITATION POLICIES IN CAMPUS HOUSING

ARTICLE I: UNIVERSITY COMMUNITY
Members of the University community (students, faculty, administration, and staff) are permitted to visit students in their place of residence on campus, as long as their presence does not conflict with the right to privacy of others sharing the living space (roommate, suitemate or housemate).

ARTICLE II: GUEST / VISITORS
A ‘guest’ is any person who is not an undergraduate or post baccalaureate student at the University, while a ‘visitor’ is an undergraduate or post baccalaureate student at the University who is not assigned to the particular location that he/she is visiting.

ARTICLE III: RESPONSIBILITY FOR GUESTS / VISITORS
The student, as host, assumes responsibility for the presence and conduct of any guest or visitor. However, in that the visitor is an undergraduate or post baccalaureate student at the University as well, he/she may also be held accountable for inappropriate or unacceptable conduct at the location being visited.

ARTICLE IV: REASONABLE AND RESPONSIBLE VISITATION
Students are expected to make reasonable, educated and responsible decisions when entertaining guests and visitors. Good judgment and discretion are to be used in visiting residential areas, ensuring that such visits do not otherwise interfere with any individual student’s legitimate use of the shared space. Resident students and their guests/visitors need to be aware that visitation is a privilege. Displacement and/or inconveniencing of a roommate, suitemate or any other member of the residential community in order to accommodate a guest or visitor is unacceptable and subject to accountability.

ARTICLE V: OVERNIGHT GUESTS
The presence of an overnight guest or visitor should normally not exceed two consecutive nights. Displacement of another occupant(s) of the living space, or causing inconvenience to him/her/them, is unacceptable as a matter of respect and courtesy. Any indication that a guest is utilizing University housing as a place of residence will result in that individual being restricted from University property, as well as accountability for the student(s) acting as host.

ARTICLE VI: GUEST ADHERENCE TO RULES
Guests are expected to abide by the same rules and regulations as those governing their host.

SEXUAL HARASSMENT
AND SEXUAL MISCONDUCT POLICY

DEFINITIONS
In Massachusetts, sexual harassment includes unwelcome sexual advances, requests for sexual favors, and/or physical conduct of an unwelcome sexual nature, when:

- Submission to, or rejection of, such advances, requests or conduct is made, either explicitly or implicitly, a term or condition of employment, as a basis for employment decisions or for decisions regarding a student’s academic progress, grades, etc.; or
- Such advances, requests or conduct have the purpose or effect of unreasonably interfering with an individual’s work performance by creating an intimidating, hostile, humiliating or sexually offensive work environment or, in the educational living/learning setting, the creation of similarly hostile, humiliating, or sexually offensive academic or student residential environment.

Under these definitions, direct or implied requests for sexual favors by any member of the University community, particularly where a supervisor/subordinate relationship exists, in exchange for favorable academic treatment or actual or promised job benefits, such as favorable reviews, salary increases, promotions, increased benefits or continued employment may constitute sexual harassment. Other sexually-oriented conduct that is unwelcome and has the effect of creating a workplace and/or learning environment that is hostile, offensive, intimidating, or humiliating to male or female members of the University community may also constitute sexual harassment. While it is not possible to list all circumstances that may constitute sexual harassment, the following are some examples of conduct which, depending on each circumstance, may constitute sexual harassment:

- Unwelcome sexual advances, whether they involve physical contact or not;
- Unwelcome sexual epithets, jokes, verbal references to sexual conduct, gossip regarding one’s sex life, comments on an individual’s body or comments about an individual’s sexual activity;
- Displaying sexually suggestive objects, pictures or cartoons;
- Unwelcome leering, whistling, brushing against the body, sexual gestures or suggestive or insulting comments;
- Inquiries into an individual’s sexual experiences; or
- Discussion of an individual’s sexual activities.

Sexual misconduct refers to any form of physical contact or exploitation of another person of a sexual nature that is made without effective consent. Effective consent means that a person is able to make free, informed, and reasonable choices and decisions – and is not impaired by intoxication or other drug consumption (be it voluntary or otherwise), by disability, or by fear. Sexual behavior without effective consent can lead to sexual misconduct, sexual assault,
and/or sexual harassment. Consent is effective when it has been clearly communicated. Consent may never occur if a person is unconscious, unaware, or otherwise physically helpless.

RESOLUTION OF CLAIMS

Procedures for addressing allegations of student-to-student sexual misconduct or harassment or when the student is the respondent will be addressed through the Student Code of Conduct, Section Two, Article III, Section A: Offenses Against Another Person(s).

For allegations that involve faculty, staff, or administration of the University, the full procedure is outlined in the Discrimination/Harassment/Sexual Misconduct/Title IX Policy and Procedures brochure.

Formal resolution involves an actual hearing of the case by a male and female administrator. These administrators will consider relevant written reports, as well as verbal and/or written statements by the victim/survivor, alleged perpetrator and witnesses (if applicable). Decisions regarding accountability will be based on whether it is more likely than not that sexual misconduct, sexual assault or sexual harassment occurred.

A. Respondent(s) and Complainant(s) are entitled to:
1. A pre-hearing informational meeting with the administrative officer, during which:
   a. the report(s), audio and video documentation about the alleged misconduct will be read and explained.
   b. a written outline of the judicial process and an oral explanation of that process is provided;
   c. a written statement identifying the section of the Student Code of Conduct that was allegedly violated and the possible sanction(s) that might apply.
2. The Respondent(s) and Complainants(s) will receive written notice two days in advance of the hearing, unless circumstances warrant otherwise.
   Circumstances are determined at the discretion of the administrative officer. This notification shall include:
   a. the name(s) of person(s) asked to attend the hearing by the University;
   b. the date, time and location of the hearing; and
   c. the specific charge(s) relating to the alleged misconduct.
3. If the Respondent(s) and/or Complainant(s) does not appear for a scheduled meeting (and does not contact the administrative officer within 24 hours to reschedule) or does not provide an accurate postal mail address, valid email address and/or current phone number to convey information to him/her after the meeting, the University will proceed with the judicial process.

B. Respondent(s) and Complainant(s) are responsible for:
1. Cooperating with University officials during the judicial process;
2. Notifying the University of any change in residence or address, including phone number and email address to contact him/her;
3. Reading any and all materials provided in connection with the judicial process and seeking clarification in advance of the hearing;
4. Attending scheduled meetings and hearings on time;
5. Providing, in accordance with University procedures, a list of witnesses and/or advisor(s) requested to attend a hearing and recognizing that a one or more of these person(s) to attend will not delay the hearing itself; and
6. Providing or presenting, if (s)he so chooses, a written statement at the time of the hearing.
7. Failure to appear for a pre-hearing meeting by the Respondent(s) or Complainant(s) may result in the scheduling of a hearing without the opportunity to review the information beforehand.
8. The Respondent(s) and Complainant(s) failure to appear for a hearing will result in a decision being rendered on the basis of reports and witnesses in attendance, thereby forfeiting his/her right to seek further review of any and all decisions made during the judicial process.

C. Entitlement to an Advisor:
1. Any student who is a Respondent who has allegedly violated one or more of the University’s behavioral standards and is involved in a discipline hearing that may result in separation from the University for a stated period of time, or permanent removal, may seek assistance from an advisor of the student’s choice.
2. Any student who is a Complainant and is involved in a discipline hearing may seek assistance from an advisor of the student’s choice.
3. Advisors are permitted to attend meetings and hearings, but may not speak during a hearing. The hearing officer, at his/her discretion, may seek out clarification or information from the advisor.
4. Advisors are permitted to attend all parts of the process, pre-hearing or hearing.
5. If a parent or legal guardian believes that (s)he has first-hand information about an incident or situation, (s)he may prepare a written statement that the student may provide to the hearing officer or hearing board at the time of the scheduled hearing.

D. Hearing Procedures:
1. An administrative hearing may include male and/or female administrator(s) acting as hearing officer(s).
2. During the hearing, Respondent(s) and Complainant(s) are entitled to appear in person, to hear all witness statements, to present relevant evidence, and to direct questions to the hearing board or officer. NOTE: A Complainant or Respondent may also request alternative testimony options that would not require physical proximity to the other party. This request must be submitted before the hearing. Options include placing a privacy screen in the hearing room, or allowing the Complainant or Respondent to speak outside the physical presence of the other by using relevant technology to facilitate participation. Any proposed alternative must be reviewed in advance of the hearing to ensure that it is consistent with the goals of a fair and equitable process.
3. The hearing officers may refuse to hear any evidence that he/she deems irrelevant or unreliable. The hearing officers will determine what is reliable and relevant under the circumstances of the case. Rules of evidence used in courts of law are not used in this process.
4. The hearing officers may question the Respondent, Complainant and witnesses and seek clarification throughout the hearing.
5. The hearing officers will meet in closed session to deliberate. The Respondent and Complainant are not entitled to hear the hearing officers’ deliberations.

E. Notice of Decision:
   The hearing officers will notify the Respondent and Complainant of the decision (and sanctions, if any) within three working days of the date the hearing(s) is/are concluded for the alleged misconduct. The decision may be conveyed verbally, if written communication to the student and other relevant documentation cannot be completed within this timeframe.

F. Review of Conduct Decisions
1. Respondent(s) and Complainant(s) may request one review. This not a re-hearing of the case.
2. Respondent(s) or Complainant(s) may seek review only on the basis of one or more of the following:
   a. a procedural error that unfairly and materially affected the outcome of the case;
b. the discovery of new information that could reasonably be expected to alter the decision and was not available of the time of the hearing; or
c. the sanction is inconsistent with the gravity of the offense.
3. A Respondent or Complainant must submit to the Vice President for Student Affairs and Dean of Students, or his/her designee, a written request for a review by the deadline conveyed in the decision letter from the administrative offices. The request must state the grounds for review.
4. Reviews will be made by the Vice President for Student Affairs and Dean of Students, or his/her designee, who will review a report of the hearing and additional relevant information provided by the respondent.
5. The Vice President for Student Affairs and Dean of Students, or his/her designee, can affirm the original findings and sanction(s), or can impose a new decision and sanction(s). In this regard, his/her decision may either increase or decrease the severity of the original outcome.
6. The decision of the Vice President for Student Affairs and Dean of Students, or his/her designee is final and binding.

AMERICANS WITH DISABILITIES ACT
Title III of the Americans with Disabilities Act, 42 U.S.C. 12182(a) provides that “no individual shall be discriminated against on the basis of disability in the full and equal enjoyment of the goods, services, facilities, privileges, advantages, or accommodations of any place of public accommodation.” Western New England University adheres to the stipulations of this Act.

CONTROLLED SUBSTANCES ACT
Part of the federal omnibus legislation enacted November 18, 1988 is the Drug-Free Workplace Act of 1988. Under the provisions of this legislation, direct recipients of federal grants or contracts must certify that they will provide drug-free workplaces. Individuals receiving funding directly from the federal government will also have to certify that their conduct will be drug-free. In the case of colleges and universities, the Department of Education has said individual Pell Grant recipients will have to certify that they are drug-free to receive their student aid awards.

If colleges and universities do not promote drug-free workplaces, drug-free awareness programs or establishes procedures for reporting violations, they are subject to sanctions, including suspension of payments, suspension or termination of grants or debarment, thus becoming ineligible to receive grants or awards from any federal agency during the term of debarment.

Students applying for financial aid involving federal funding must certify they are drug free, and that they will remain drug-free in order to receive federally funded student aid awards. Appropriate forms for such certification are available in SAS. No fees of any kind will be charged by the institution for making such programs available to any student. No adverse or prejudicial effects should result to any student choosing to take advantage of the provisions of this Act.

GAMBLING
Gambling, including games of chance where money is involved, is not permitted on University property. Organizations wishing to sponsor a raffle or similar activity must have the approval of the Office of Student Activities & Leadership Development.

GAMING ACTIVITIES FOR FUNDRAISING

3. **Poker Tournaments/Casino Nights** - Under Massachusetts’ law, the University may hold only three (3) poker tournaments (including Texas Hold’em)/Casino Nights, whether they are held on or off campus, per calendar year. Poker tournaments/Casino Nights require that a permit be issued by the city in which the poker tournament/Casino Night will be conducted.

   MUST CONTACT THE LICENSE COMMISSION, CITY OF SPRINGFIELD, BEFORE SCHEDULING A POKER TOURNAMENT OR CASINO NIGHT IN ORDER TO ENSURE THAT YOUR EVENT WILL NOT EXCEED THE STATUTORY LIMIT OF THREE (3) EVENTS PER YEAR.

PARKING AND TRAFFIC VIOLATIONS
Any person driving or operating a motor vehicle on campus property is expected to comply with both the spirit and the letter of traffic and parking regulations. The enforcement and supervision of motor vehicle regulations is through University Police.

All vehicles owned, operated, or used by students, faculty, staff, and administration on campus, must bear a Western New England University parking permit within two weeks of the beginning of the fall semester, and immediately at any other time afterwards. Permits are to be affixed properly to each vehicle; they are non-transferrable and the costs are non-refundable.

The University, through the Director of Public Safety, reserves the right to revoke and confiscate a vehicle permit at any time during the school year. Students are also reminded that the University Police will issue citations for violations of parking and for motor vehicle operation regulations. Students are advised that improper or unauthorized use of motor vehicles may result in towing at the owner’s expense. The University Police may also immobilize a vehicle with a device for repeated infractions.

Student parking is restricted to specifically designated areas during designated times. Accommodations are available for guests. For a complete explanation of parking regulations, please consult the publications distributed by University Police, or online at http://www.wnepolice.net.

The speed limit on campus is 15 mph. Seat belts can and do save lives – and should be used at all times.

SMOKING POLICY
In accordance with the provisions of the Massachusetts Clean Air Indoor Act of 1988, all residence facilities are smoke-free environments. This restriction includes any devices such as a hookah, electronic cigarettes or vapor smoking devices. Smoking is prohibited within twenty-five feet of a main exit or entrance or operable window or vent of a University-owned, occupied or leased building and University vehicles.

Smoking by students and/or their guest(s) is therefore limited to the exterior of the residential facilities, all buildings including academic, athletic, and administrative. Care should be demonstrated when doing so, including the disposal of smoking materials.

“All members of the University community and guests are expected to observe the smoke free areas on campus.”

SOCIAL MEDIA POLICY
Social networking via Facebook, MySpace, Twitter, Google+, YouTube, Flickr, InstaGram and other digital platforms/social media has grown significantly. Members of the University community must be aware of policies and laws that apply to social networking, including other related University policies including but not limited to the University’s Acceptable Use of Technical Resources Policy (including the preamble) (http://www1.wne.edu/oit/index.cfm?selection=doc.2049), and the University’s Discrimination/Harassment Grievance Procedures (http://www1.wne.edu/assets/45/sexualharassmentdiscriminationbooklet.pdf).

It is important to understand that information posted online, including pictures and text, may become virtually impossible to remove from the Internet even after attempts to delete the material. Additionally, pictures and texts posted within online services can become the property of these sites once posted. Therefore, do not post information that you do not want available to a worldwide audience at the time of posting, and at any time in the future. On sites such as Facebook, be cautious to “friend” or confirm friendships with anyone you do not know because the person may be able to see personal information you have on your profile and leave your account vulnerable to being hacked. It is important that any user of a social media site be aware of the privacy settings and be fully aware of what is being shared to the world at large.

Today, many potential employers, scholarship committees, graduate school admissions committees, or even potential roommates perform “background checks” by searching the Internet. Thoughtfulness and caution should be exercised by all students and employees using social media sites. All content posted to a social site should be considered public in nature and treated as such. Posting information that may appear harmless such as your name, address, birthday, hometown, and photos can aid someone to steal your identity or commit other civil or criminal acts.

Federal and state laws apply to all members of the University community who use social networking sites. Cyber stalking, copyright infringement, defamation, invasion of privacy, obscenity, pornography, and sexual harassment are common legal concerns. Violation of any of these laws could subject members of the University community to civil and criminal actions and/or internal discipline action, up to and including termination for faculty and staff, or dismissal from the University as to students.
