** Samples are unweighted N's. Samples broken out by party registration and gender consist of registered voters as opposed to all adults. Row percentages may not sum to 100 percent due to rounding.*

As you may know, the state wants elementary school students to be able to attend classes in the classroom five days a week beginning in April. Do you support or oppose this idea? Do you...

(If respondent answers support, ask, "Do you strongly support or somewhat support?" If respondent answers oppose, ask, "Do you strongly oppose or somewhat oppose?")

Elementary School Students Returning to Classrooms Full-Time

Row percentages may not sum to 100 percent due to rounding.

In your own words, what is the top reason why you would be unlikely to get the vaccine?

Asked of the 57 respondents who answered that they would be somewhat or very unlikely to get a vaccine to prevent COVID-19 if such a vaccine were available today. Respondents answered in their own words, and the Polling Institute coded the first answer from each respondent using the categories listed in the table below.

Top Reason Why Survey Respondent Would Not Receive COVID-19 Vaccine if the Vaccine were Available Today	
March 1 – 31, 2021	
Development process has been too rushed; not enough testing	33%
Wants to know more about how the vaccine works	12%
Respondent doesn't think s/he will need the vaccine	12%
Concern about the contents of the vaccine	9%
Doesn't trust the approval process	9%
Medical / health reasons	5%
Doesn't think the vaccine will work	4%
Concern about side effects	4%
Doesn't trust vaccines in general	1%
Other	8%
Don't know	4%
N	57

Column percentages may not sum to 100 percent due to rounding.

Do you support or oppose your city or town requiring people to wear masks in public places?

Support or Oppose Your City or Town Requiring Masks in Public Places?		Support	Oppose	Don't know (Vol.)	Refused (Vol.)	N*
